Legal Land Owner: Hans P. Hanson
Address: All of Dillon
Operator: Same
Address: 

Water is delivered by:
1. Private System;
2. Ditch Company;
3. State Project;
4. Federal Project;
5. Irrigation District

Adequate Supply: Yes
Remarks:

T. Hanson used to own 40 AC of land where he got the water on the Westside Canal 93. He has sold most of his land, but he has kept the shares on the canal to the only one. He has done some work on the land. Said his farm is by Briggs which entitles about 3.64 acres, and is pumped from a well to a sprinkler system. He & RR Wd. 1 A. Know the upper meadow was about 2.7 AC as being irrigated since it was irrigated earlier this year. The system will change, since the ditch has bee placed over west of the railroad place. Mr. Hanson is thinking about irrigation but be a well for that small piece of land in the near future.

---

**Note:**

- R—Denotes Regular Irrigation.
- F—Flood Irrigation.

- Adequate Supply: Yes, No, Explain.
- Remarks:

  According to the Acres I have, Steven Sperlich does not have any rights for her place.

  The Bureau of Reclamation study of 1937 does not show Sperlich as having rights on either the
  Bighorn River or the Big Horn River. And the present water right list from the Big Horn River
  says not mentioning her or an appropriator or owner of a right. In 1931 according to the Bureau of
  Reclamation, we did buy some water from the Dollar Valley Co.

  Steven Sperlich presently lives in Arizona, and the people leasing her lands, Stevens
  neighbor (name unavailable) told me that there hasn't been any irrigation on that place in 1940.

### Adequate Supply
- **Yes:**
- **No:**
- **Explain:**

### Remarks

M. W. Money, owner of 8 acres in W. 1/2 Sec. 13, Twp. 46 N., Rge. 14 W., Plat. 9, was authorized to use water from the Green River Ditch, but was later informed by the Water Commissioner that the only water he could use was the 80" right for 80 acres of land. He was later informed that the water was to be used for irrigation and was not to be used for other purposes. The water was to be used for irrigation only, and was not to be used for any other purpose. He was later informed that the water was to be used for irrigation only, and was not to be used for any other purpose.

**Remarks:**

- N.B. This right may be either not in use or in use for several purposes. I have made no plans for the water, but will use it as a supplementary source. I do not wish to sell any rights for the water.
- N.B. This right was very well used in 1917. I will not use it. If I could not sell it, I could not devote it to the use of the river.
- N.B. The water is used for irrigation purposes. I am unable to sell any rights for the water.

- **Adequate Supply:** Yes  
- **Explain:**

### Remarks

- John Arrigooni claims to use a little water from this spring to supplement his other water. He did not allow me to determine the usage of water I cannot determine.
- Mr. Arrigooni was very busy at the time of the interview.
- Mr. Arrigooni also mentioned getting some water from the Gila River.

The Bureau of Reclamation book shows Arrigooni as having a 90° out of the 90° in WR 986-658 for reference check.

**NOTE:** R—Denotes Regular Irrigation. F—Flood Irrigation.

Remarks:

The above decree rights are as they appear on the water commissioner's copy of decree rights on the Beaverhead River.

Two project entries in because 14 ac are on Kamp's name if the rest is a partnership between Kamp & Smith. The assessor's office ownership plate is wrong. Since I am not records at the present time I will show all the tracks off the w.p.s. and Kamp's copy name, although some of the rights could be on both their names.
