Re: Flood Irrigation Muster Creek

*Mustard is the name*

Dear Sir:

In accordance with the 1939 Session Law (Section 349.68 Montana Session Laws) requiring the State Engineer to investigate and prepare a complete record of all water rights in Montana, the State Engineer has been conducting a water resources survey in Custer County.

We are unable to find a recorded water filing for the land that you irrigate in the NE $\frac{1}{4}$  Section 24, T. 10N., R. 47E. If a filing was made for this land we would like to have you send us the name of the appropriator, the date filed on, and the number of inches filed on. If no recorded filing was made we would like to have you send us the name of the first user and the date, or the approximate date, that the land was first irrigated so that we may establish a date of priority for this land.

We would like to have you make this a first on your agenda and send this information to us as soon as possible in the enclosed, stamped, self-addressed envelope.

Very truly yours,

In reply to your letter on reverse side.

Joe Wohlgenant was the first man to ~~use~~ use  
Mustard creek water for flood irrigation in  
1918 whether he made any record of it or not I  
do not know. This man is dead now. I bought  
the place from his wife who's address is or was  
~~Box D~~ 911 American Bank Building Seattle  
Washington her name was Mrs. Verle Wohlgenant.  
My last letter from her dated May 18, 1942  
Write to me if you do not get the ~~me~~ information  
and I will see what I can gather around here
