Mr G. J. Prarety
State Engineer
Billings Mont.

Dear Sir:

In regard to the water rights referred to in your enclosed letter I wish to state that as far as I know there never has been a recorded water filing for the land that we irrigate here. We are not included ~~in~~ the irrigation ditch which you might be referring to. We do our own irrigating with a privately owned pump and I spoke to the former owner of this place about this and he said that the people who owned it before him had irrigated the place the same way as far back as 1917 and he also stated that they had never filed any kind of water filing. I can give you the name and address of the party who owned the place before us and also the name of the one who owned it before him but

I don't know their address.

The former owner was

Robert Hillman

705 Missouri av.

Miles City Mont.

The one before him was

Mr + Mrs Albert Kircher and
Michael Kircher

I hope this is the information you are
looking for.
