Part A

TO BE FILED BY THOSE OBTAINING IRRIGATION WATER FROM A DITCH COMPANY OR IRRIGATION DISTRICT

1. Water is delivered by: Name of Ditch, Ditch Company or District Supplying Water
2. State the number of acres you irrigate under this system Shares you hold
3. If you obtain water from more than one Company, give the number of shares, acres irrigated and the name of the Company under "Remarks." If you obtain water from a Ditch Company and also have a private system fill in both Part A and Part B.

Part B

TO BE FILED BY THOSE WHO HAVE A PRIVATE DITCH, PUMP OR IRRIGATION SYSTEM or those who have a private water right under a Ditch Company

4. In what year was this land first irrigated? Date See attached filings
5. Give the name of the original appropriator (first user):
6. Give the date appropriated Amount filed on: Miners Inches C. F. S.
7. State the total number of acres irrigated under this system:
8. Give the point of diversion: 1/4 1/4 Section Township Range

Part C

TO BE FILED BY ALL WATER USERS IN ADDITION TO PART A OR PART B

9. Source of Water: House Creek Name of stream or lake from which water is originally diverted
10. Water is obtained by: (Check one) Gravity ☒ Pumping ☐ Other ☐
11. What is the greatest number of acres you have irrigated? 20. Date ?
12. How many acres did you irrigate in 1947 (Crop and pasture) 0
13. State the total number of additional acres that could be irrigated by increasing the water supply, land leveling, etc. 20.0 This land is under what ditch? Same
14. How many acres of seeped land do you have which could be drained and put into production?
15. What is the condition of your irrigation system? Out of use
16. Is your water supply adequate? Yes ☐ No ☒ Explain Flood
17. REMARKS:

NOTE: The foregoing questions apply only to irrigated land shown on this plat.

Ownership covers only irrigated land. All ownership for dry land not shown.

South

If you cannot answer all of the questions on this form answer as many as you can and return the form to us as soon as possible.

	Dam built by WPA and water used 1 year by Mr. Hekstler
	Which Dam washed out and system not used since 1925 System
	(Dam) Large enough to irrigate about 160 acres
	Martin (Miles City) owns Taxer Water Right
	According to Mr. Hall the State Water Conservation Board
	was to either repair the dam within one year if it went out
	or the water right which he had turned over to the board
	was to be given back to him; this condition was in
	his Contract.
	160 acres that could be irrigated includes land belonging
	to two neighbors. Hall Intends to form partnership with neighbors
	to restore dam if and when he can get back control of water
	rights

Made fillings on Cow Creek & Coal Creek for flood irr. system
not yet in filling made in October 1946

Irrigation system (concrete dam in Sunday Creek and
extensive ditches, 1 main gravity Canal and double pump
lift of about 20 ft. for higher secondary Canal) was built
originally by Becker to irrigate about 200 acres of
hayland. Taylor who now owns the land and water rights
does not intend to use the main Canal but does
intend to flood irrigate hay land using the high ditch
to carry the water diverted into it from Coulees
which it crosses

According to Mr. Mayo (lives ^{one} mile north of junction North & South Sunday Crks
original Becker system was only used 2 years about 1917 till
concrete dam went out then given up.
