\* The P.O.D.s on this water right lead me to believe that it was filed on two different streams, one being a trib. of Dog Creek.

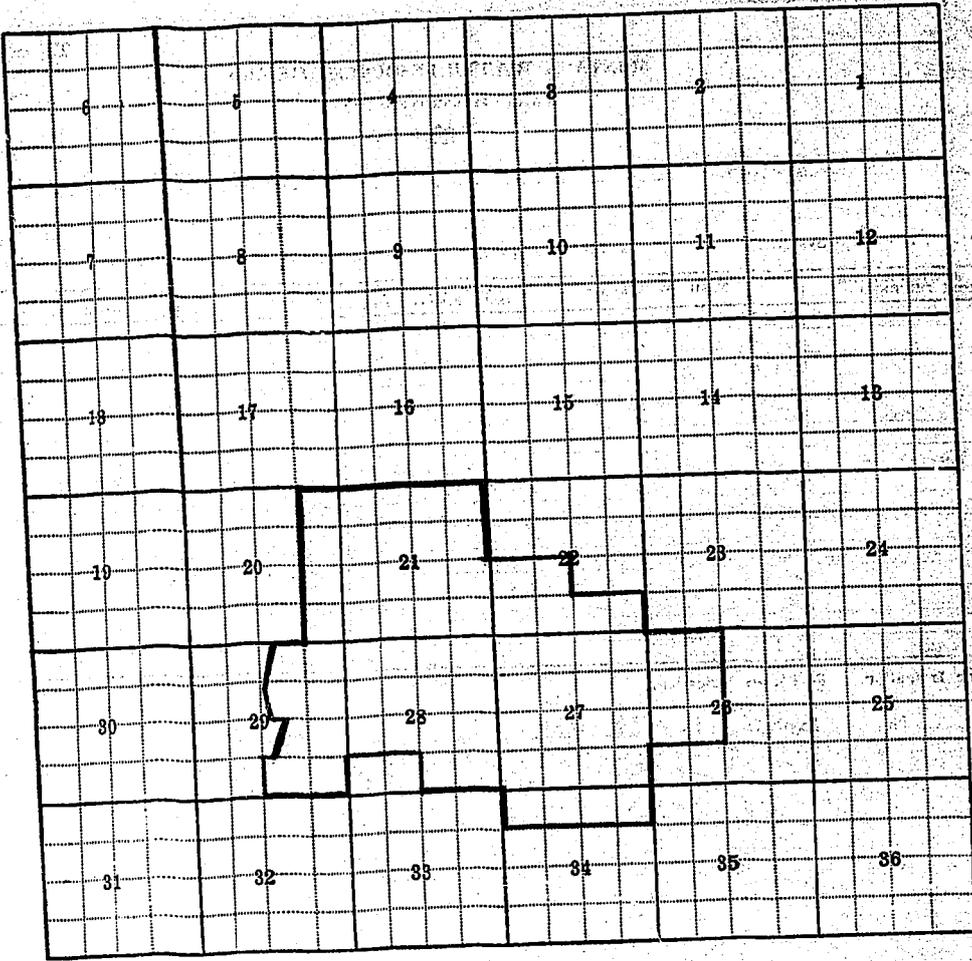

\*\* Shammel tried to tell me that the land here is irrigated every spring but on examining it doesn't appear that the system would work without some repair. He also tried to claim all rights were used for flood ir. from old ditch.

\*\*\* 5-220 Spring not located for sure.
