Legal Land Owner W. Fred Thompson Address Placerville, California

Operator	Address
Some	Some

Water is delivered by:— (1) Private System; 2. Ditch Company; 3. State Project; 4. Federal Project; 5. Irrigation District

[illegible]

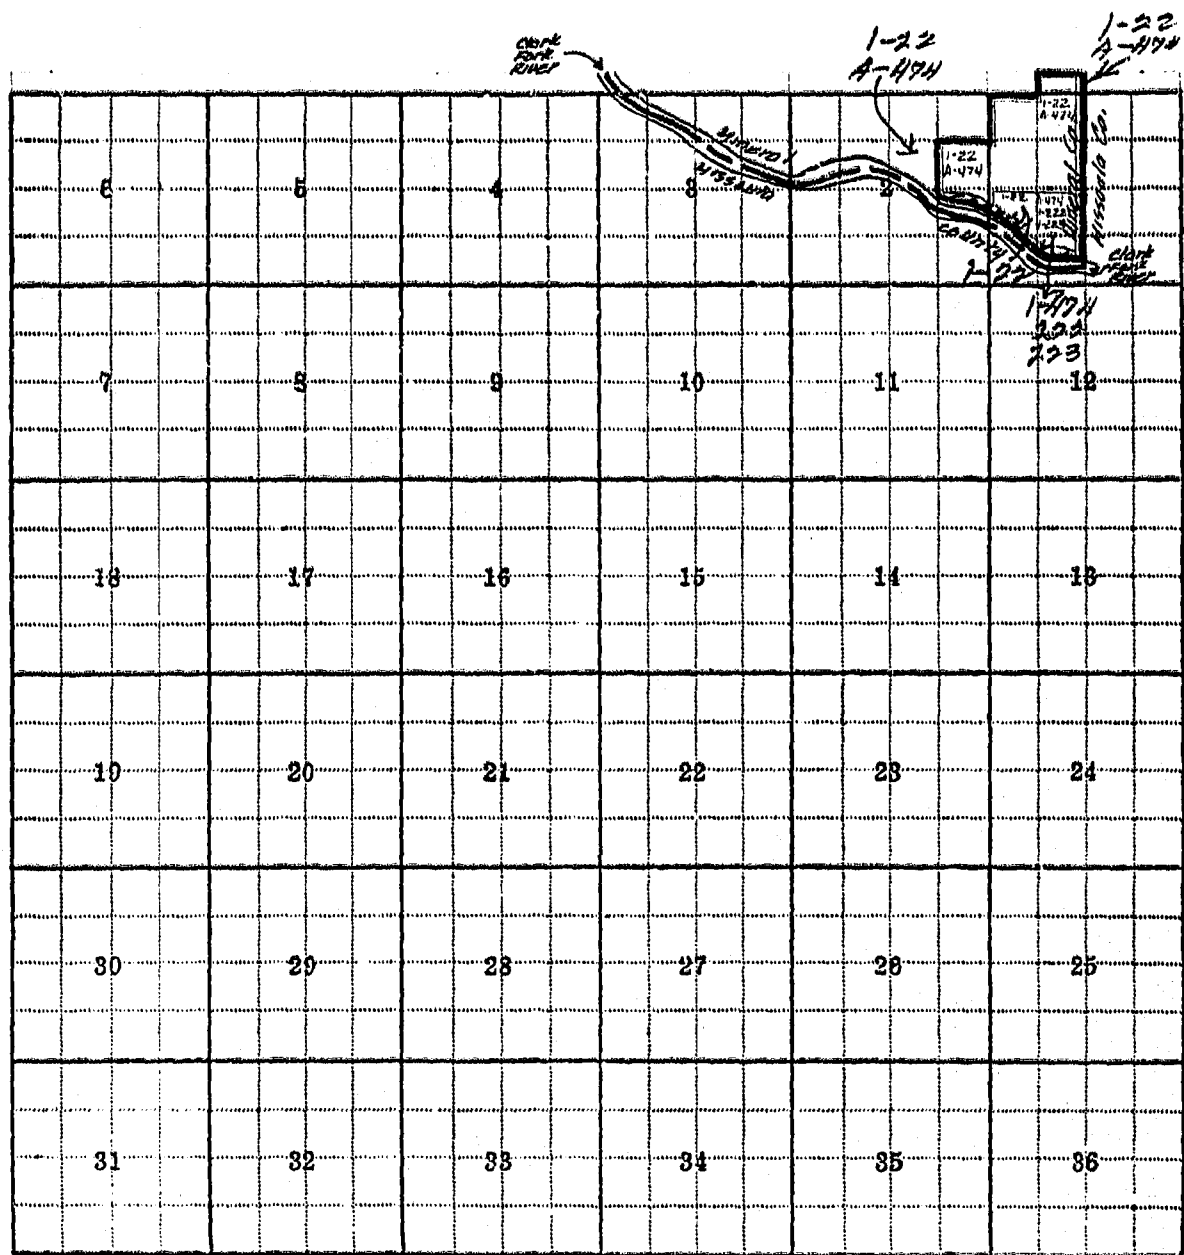

NOTE: R—Denotes Regular Irrigation. F—Flood Irrigation.

Adequate Supply: Yes..... No..... Explain.....

Remarks. * Contacted Fred Thompson, Mr. Thompson knew of these appropriations. He showed me the local maps of Linn State Springs (SW 1/4, Section 1, T4N-R24W) and told me that Appropriation no. R474 on unnamed stream is the stream created by Linn State Springs. He said that there were being about 40 irrigators on the SW 1/4, Sec. 1, & NESE, Sec. 2, T4N-R24W North of Black Hawk River. Mr. Thompson has an electric Pump located on the north bank of the river on the NESE of Section 2 T4N-R24W, which was used to irrigate the land listed above now irrigated by Linn State Springs. This pump was used from 1944 to 1962 where the Interstate blocked him from the river. Prior to 1962 the farmers were used to irrigate on the 1/2 SW 1/4, Section 1, NESE of Section 2, T4N-R24W, but this land has not been irrigated since 1942 due to lack of water. Black Hawk River was formerly known as Missouri River.

Operator Mr. Lawrence T. Anderson (Carrington) Address 15500 11th Ave. N.E.

Water is delivered by:-- 1. Private System; 2. Ditch Company; 3. State Project; 4. Federal Project; 5. Irrigation District

[illegible]

NOTE: R—Denotes Regular Irrigation. F—Flood Irrigation.

Adequate Supply: Yes..... No..... Explain.....
Remarks.....

Continued from Worksheet (Mrs. William Kunkin). She told me that she is in the process of selling the land to the Board of Directors. Both of them. She told me that this appropriation is not in use. But that there is a use right (one) on the land of the Board (James Kunkin) which is used to support a on that land. (see NGL Form) Mrs. Kunkin also told me that the Board and the Board of Directors are the same.

* This report is being made to the NE Section, T. 14N, R. 23W.

Adequate Supply: Yes..... No..... Explain.....
Remarks: * Yes is good for the children supply for the town of Albarado, Hontana.

Talked with Edward E. Hine, son-in-law for Milwaukee, formerly the and Rex Lawrence, Mayor of Alberton, Montana. They informed me that Thomas G. Brown & Walter J. Sparks, who were officials (green railroad) of the Milwaukee Railroad, The Milwaukee R.R. built a Railroad yard on this land early on the 1900's. In the 1920's the yard was torn down and the land was then donated to the town of Alberton. The Milwaukee R.R. still operates a small part of this land on which the station house and the track lies. They told me that the early interpretation being used here is Page # 100000 1-100. This spring is used to fill the town's water supply. Located on the NE corner of Sec. 2, T4N-R7E, from where it is moved into the town of Alberton and is used as the city's water supply.

Remarks
Talked with Mrs. Louise and William Daigle concerning this land. They both told me that it was owned by "Three Farmers" which was an association of which Paul Isler was part, and that it is now owned by Mr. Walter Thompson of Missoula. They said that Mr. Thompson is going to build a summer home on this land. They also told me that none of those water rights were being used. Mr. Daigle also showed me location of Spring (NW1/4 NW1/4 SE1/4 T14N R23W). He said that Isler had plans to irrigate from this spring but never did. Mr. Daigle also said that the spring dried up in the summer of 1966 and has been dry ever since so irrigation.

* Contacted Fred Thompson. Mr. Thompson knew of these appropriations. He showed me the local lands of Little Stone Springs (S.W. 1/4, Section 1, T4N-R23W) and told me that Representative Mr. R. H. W. on the main stream of the stream created by Little Stone Springs. He told me that these were being used to irrigate on the S.W. 1/4, Sec. 1, E. NESE, Sec. 2, T4N-R23W, North of Black Elk River. Mr. Thompson has an Electric Pump located on the north bank of the river in the NESE of Section 2, T4N-R23W, which was used to irrigate the land listed above from irrigation by Little Stone Springs. This pump was used from 1941 to 1942 when the water table backed up from the river prior to 1942 the Springs were used to irrigate in the NESE of Section 1, T4N-R23W (shown as R on Photo # 3725). But this land has not been irrigated since 1942 due to lack of water on Black Elk River was generally known as Musquito River.

Remarks * This is used for the city water supply for the town of Elberta, Montana.

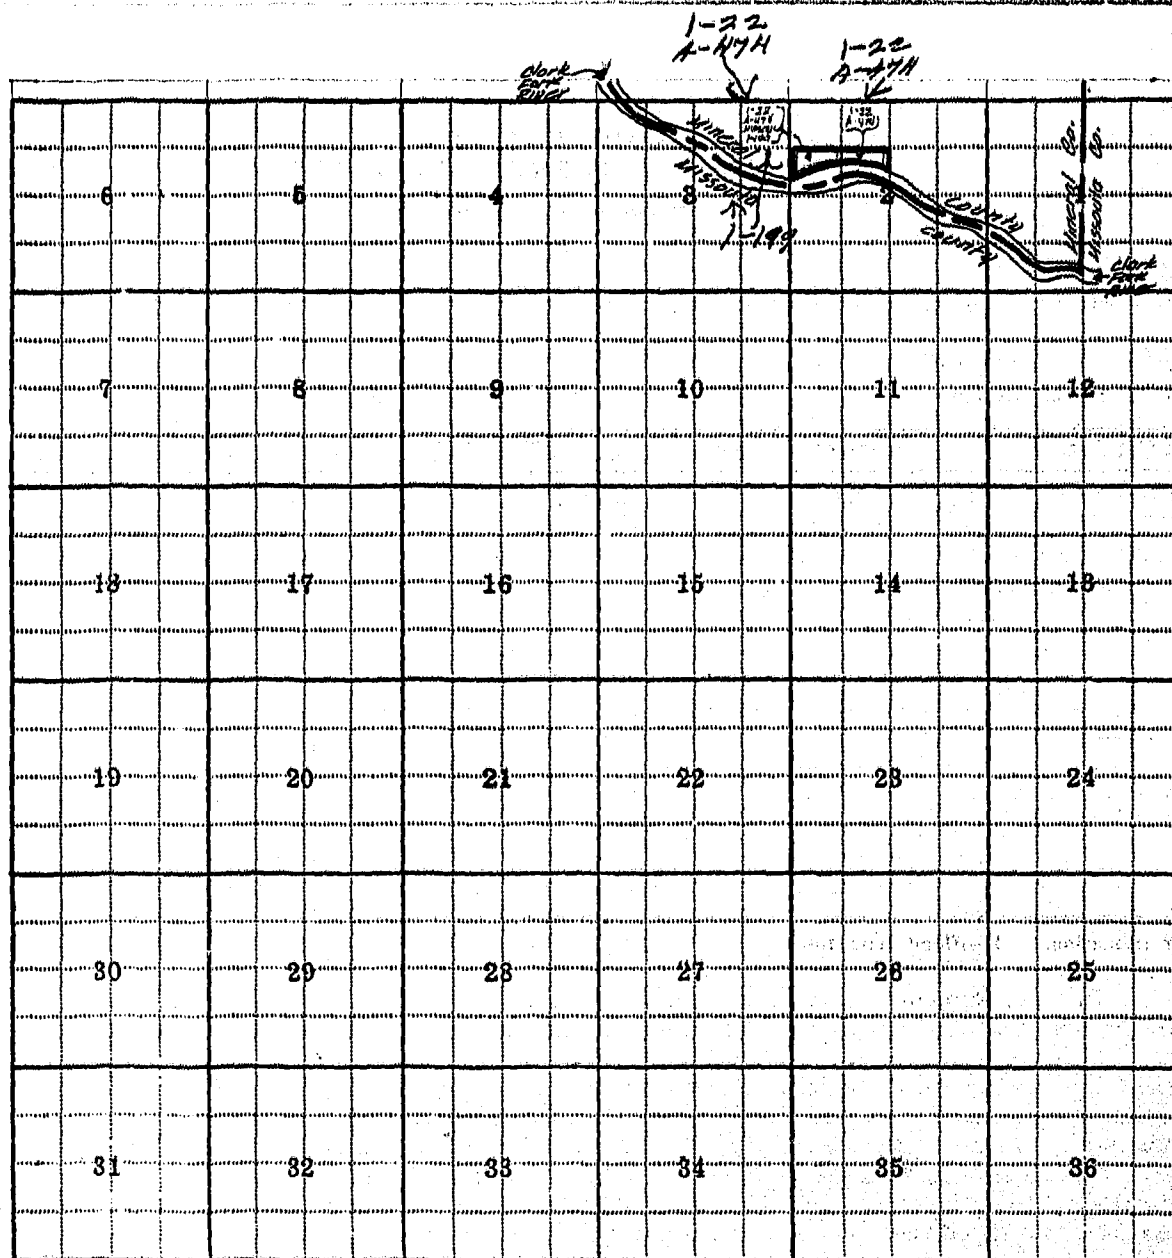

Talked with Clifford Lind, engineer for Milwaukee Railway Co. and Ray Johnson, Mayor of Alberton, Montana. They informed me that Francis C. Knapp & Walter H. Sparks, etc. were officials. Green retired of the Milwaukee Railroad, The Milwaukee R.R. built a Railroad yard on this land early in the 1900's. In the 1970's the yard was torn down and the land was then donated to the town of Alberton. The Milwaukee R.R. still operates a small part of this land on which the station house and the street lies. They told me that the only appropriation being used here is High # Masquito 1-199. This § ring is used to fill the towns water supply reservoir located in the SW corner of Sec. 2, T4N-R23N, from where it is pumped into the town of Alberton and is used as the cities water supply.

Remarks.....

Talked with Mr. Leitch and William Daigle concerning this land. They both told me that it was owned by "Tree Farmers" which was an association of which Paul Fehler was part and that it is now owned by Mr. Walter Thompson of Missoula. They said that Mr. Thompson is going to build a summer home on this land. They also told me that none of their water rights were being used. Mr. Daigle also showed me location of Spring (NNNNNNNE) Section 5, T4N R22W. He said that Fehler had plans to irrigate from this spring but never did. Mr. Daigle also said that the spring dried up in the summer of 1966 and has been dry ever since. no irrigation.
