All of the rights on Park or Park Gulch or Creek are divided between Alfred Jones and the Nancy Lee group. No water is being used by Nancy Lee at this time except the Iron King Spring (A-24), which is piped to the mine for drinking water. There are rumors - from Wally Schneider, president of the Little Pittsburg group which is committed to Nancy Lee, that operations are about to begin at the Nancy Lee. Four men work around there now, but no mining is being done.
