① Has a 160" right in the Shields Canal Co. ditch out of Pilot head Creek. They also use the old Clyde Park Canal Co. ditch to carry some of this water. They have given up their right in Clyde Park Canal Co. ditch.

② Has 100" right in Arthur - Caswell ditch out of Antelope or Camino Creek. I see only the creek bottom from ditch. Have not been able to locate his right out of Antelope Cr. as he doesn't know the appropriator or the priority date and there are no rights left on Antelope creek as shown in the decree.
