Mr. Hans L. Bille
Assistant State Engineer
14 South Willson
Bozeman, Montana

Dear Sir

We have what is known as a high water right for the 20 acres mentioned. The water comes from Fort Hare Creek, Via B.R.I.D Fort Hare Ditch, Via Highlands Ditch. (Highlands are the people to the north of us.) We are entitled to all the water we need as long as there is water in Fort Hare Ditch, which is generally until the 1st to 10th of August.

Hoping this has been of service to you, if there is any additional information you need I will try to answer it.

Very Truly Yours,
Charles R. Clack

Mr. Hans L. Bille
Assistant State Engineer
14 South Willson
Bozeman, Montana

Dear Sir

We have what is known as a high water right for the 20 acres mentioned. The water comes from Fort Manse Ditch, via B.R.I.D Fort Manse Ditch, via Highlands Ditch. (Highlands are the people to the north of us.) We are entitled to all the water we need as long as there is water in Fort Manse Ditch, which is generally until the 1st to 10th of August.

Hoping this has been of service to you, if there is any additional information you need I will try to answer it.

Very Truly Yours,
Charles R. Clack
