Vananda Mont
April 22. 48.

Mr Herald J. Grancy,
Asst. State Engineer.

Dear Sir, I am sorry to hear of your letter of April 15th
We were the first to see the water, however
Could be under the Richardson place
and have always been under the
impression that we had first water
and the water above this project
concerning same, see Cullen.

We irrigated by pump about 40 acres
in the N.W. 160 acres of 19-9-37 in yr of 1937.
Also flood irrigated about 7+ acres of Reg
thinner area in N.E. 160 acres of 19-9-37 the
same spring 1937.

Also irrigated through the pipe in
this place by gravity about 40 acres
below the above proper summer of 1937.
Please advise us how to go about
filing a proper water right for the
same Cullen, and we will properly
do so.

Thanks a lot for writing to us
about the matter as it is very
important to our place, and I hope
you will see us any time you
come out more information about
our water right for same Cullen.

Yours truly,
R. A. Richardson.
