German has no irrigation whatsoever in this township. Several ditches were located and mapped; however, due to insufficient water, no irrigation is practical. Two of the ditches which lie in with appropriations numbered 988 & 330 are not visible due to plowing of a considerable area. Appropriation 769 is a great supply to land owned by German.

All available water is used for stock purposes.

Remarks —

Newin ditch out of Sweet Grass Cr.

Point of diversion in SW 1/4 Sec 9 T4N R14E on north bank.

Water from this ditch is used to irrigate land in Sec 8 & 17 T4N R15E.

Water from the Newin ditch is spilled in Cayuse Creek and picked up in Sec 18 by the yard ditch to irrigate lands in SE 1/4 Sec 18 T4N R15E.

Note: Dan Richards bought one half of the Mike Mayan farm and the water was divided equally between the two farms.
