GERALD J. OPAVETZ, ASSISTAN

STATE OF MONTANA

STATE ENGINEER

BILLINGS, MONTANA February 11, 1948

C. L. & Mollie Holman Volborg, Montana

Re: Flood Irrigation Foster Creek

Dear Sire

In accordance with the 1939 Session Law (Section 349.58 Montana Session Laws) requiring the State Engineer to investigate and prepare a complete record of all water rights in Montana, the State Engineer has been conducting a water resources survey in Custer County.

We are unable to find a recorded water filing for the land that you irrigate in Section 15, T. IN., R. 47E.

If a filing was made for this land we would like to have you send us the name of the appropriator, the date filed on, and the number of inches filed on. If no recorded filing was made we would like to have you send us the name of the first user and the date, or the approximate date, that the land was first irrigated so that we may establish a date of priority for this land.

We would like to have you make this a first on your agenda and send this information to us as soon as possible in the enclosed, stamped, self-addressed envelope.

Very truly yours,

Gerald J. Oravots

Assistant Stato Engineer

GJO/a enc.

Feb. 23, 1948

Den Sin

I have never a water right on Foster Creek, nor I don't know if any body has filed a water right on Foster Creek with in ten miles of see. 15-Tone-R47E

C. Z. Holinson and the second
er for the section of
