Supplemented by pump system

Topography Tangue River Valley bottom Information From R. L. Rhea Remarks 1003 - 9/30/07 , 1834 - 11/17/10

Water is taken from Tonque R. at site shown on pic. MA-29-30 Originally was taken out tarther up Tongue River + Humed across old Kiver beds as shown on pic until river changed Course to follow ditch. New Yaised ditch across field ip (O. W. Coleman) breaks out easily and Mr. Rheu intends to used old one by building raised ditch (2 vaise) from proposed site to old ditch. Awater from this comb Crk floods are in sec. 29 \$ 32 , T2N R45E as shown in pies MA 29-30 +31. dike is used to divert some water from hiscomb ork into Garden Crk (near road) which floods small area near vanch buildings. This area is also irr. by pump system

GEORGE W. FARR ROLAND V. COLGROVE

FARR AND COLGROVE ATTORNEYS AND COUNSELORS AT LAW SUITES 4-6 JACKSON-ARNOLD BLOCK MILES CITY, MONTANA

March 4, 1948

Mr. G. J. Oravetz, Assistant State Engineer, P. O. Box 873 Billings, Montana.

Dear Sir:

Re: Flood Irrigation Coal Creek

Mr. Sherman Chezum, who requested us to acknowledge your letter of February 12, 1948, with reference to your investigation of water rights in Custer County.

The records of Custer County discloses that a water right was filed on the following described property on May 16, 1897 by Horton Brothers: Section 10, Township 2 North, Range 45 East. We are unable to determine whether or not the records of Custer County have a recorded filing for the following described property: Sec. 9, Want, SEINWI, Waswi, NEISWI Township 2 North, Range 45 East.

However, we are informed that a water right has long been established by continued use. It is our understanding that this use antedates the year 1911. It is hoped that this is the information you require.

Yours very truly,

FARR & COLGROVE

By Koland Verlyine

to be filed by those obtaining irrigation water from a ditch company or errigation district

Name of Ditch, Ditch Company or District Supplying Water

3.	If you obtain water from more than one Company, give the number of shares, acres irrigated and the name of the Company under "Remarks." If you obtain water from a Ditch Company and also have a private system fill in both Part A and Part B. Part B
	TO BE FILED BY THOSE WHO HAVE A PRIVATE DITCH, PUMP OR IRRIGATION SYSTEM or those who have exprivate water right under a Ditch Company
4.	In what year was this land first irrigated? Date: See attacked filings
5.	Give the name of the original appropriator (first man)
6.	Give the date appropriated
7 .	State the total number of acres irrigated under this system:
8.	Give the point of diversion:
	Part C
	TO BE FILED BY ALL WATER USERS IN ADDITION TO PART A OR PART B
9.	Source of . Water: Jonque Price Name of stream or lake from which water is originally diverted
10.	Water is obtained by: (Check one) Gravity Pumping Other
11.	What is the greatest number of acres you have irrigated? 62.0 Date.
12.	How many acres did you irrigate in 1947? (Crop and pasture)
13.	State the total number of additional acres that could be irrigated by increasing the water supply, land level-
·	ing, etc This land is under what ditch?
	How many acres of seeped land do you have which could be drained and put into production?
15	What is the condition of your irrigation system? Run durun
16.	Is your water supply adequate? Yes No Explain
