June 23, 1949

Mr. Alfonso DeBuff  
Hedgesville, Montana

Dear Mr. DeBuff:

In 1939 the State Legislature passed a law authorizing the State Engineer to investigate and compile a complete record of all water rights and water use in the State. In compliance with this law the State Engineer is now working in Wheatland County compiling these data.

For your land in the W $\frac{1}{2}$  of Sec. 5, the NW $\frac{1}{4}$ , SE $\frac{1}{4}$ NE $\frac{1}{4}$  Sec. 8, and all of Sec. 9 in Twp. 9N., Rge. 18E., that the following water rights cover, are irrigated by means of flood irrigation. We would like to know whether or not these rights are in use now so that we may have a complete record of same here in the State Engineer's Office for your protection now and in the future.

Name	Stream	Land Description	Date Approp.	Date Filed	Inches
Henry Gerling	Careless Cr.	W $\frac{1}{2}$ SE $\frac{1}{4}$ 5, NW $\frac{1}{4}$ 8 in 9-18	8-1-05	9-19-06	200
Alice Moule	Mill Coulee	SE $\frac{1}{4}$ NE $\frac{1}{4}$ 8, SW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 9 in 9-18	5-20-85	9-23-87	?
Frank Crona	Spring Cr.	S $\frac{1}{2}$ NE $\frac{1}{4}$ , E $\frac{1}{2}$ SE $\frac{1}{4}$ 5 in 9-18	6-17-40	6-17-40	100
Bercail Farms Co. (Decree)	Careless Cr.	SE $\frac{1}{4}$ 5, W $\frac{1}{2}$ 8 in 9-18	8-1-05		200

Remember, this is your water and your water rights that we are trying to help you with.

Very truly yours,  
Henry Gerling right shown  
is the filings from which Decree was  
adjudged - Note same no of inches decreed  
GJO/a as app. with same date  
enc. of priority.  
Gerald J. Oravets  
Assistant State Engineer

Sheet # 3

The ditch out of Paradise Creek in sect.  
22 T15N R15E is the second ditch  
but as it is 42' it is just a flood  
well ditch like flood <sup>the</sup> ditch in  
sect 21 with a 10' spring and 10' to 15'  
Paradise Creek at present is a small  
creek. It is filled with water and  
when it is in flood it is a  
goodly stream for the Paradise  
Creek. The flood from Paradise is so  
the water from Mill Creek and Spring  
Creek will be also among these  
ditches. The water below Paradise  
of Paradise Creek is a great means of  
conveying water to Paradise.

The top of Paradise is a large  
area of about 250 acres in  
sect 22.

The two present ditches out of Paradise  
are 42' and 10' wide and both  
will be about 10' wide. It would  
be a good idea to investigate and  
construct a ditch to Paradise.

The Paradise area on Mill Creek calls  
for a ditch for the area instead of any  
more of Paradise.

June 23, 1949

Mr. Tom Glennie  
Living Springs, Montana

Dear Mr. Glennie:

In 1939 the State Legislature passed a law authorizing the State Engineer to investigate and compile a complete record of all water rights and water use in the State. In compliance with this law the State Engineer is now working in Wheatland County compiling these data.

Enclosed herewith we are sending you Form WR-A, with a list of water rights which our records show cover your land and the land you are operating. We would like to have you go over this list very carefully and complete the Form WR-A in its entirety—giving special attention to the filings prefixed by "D", as these are filings that have been adjudicated by the court. The reason we are especially interested in these rights is because we are not certain that all of the waters that were in the original decrees now pertain to the lands that you are operating. The lands that these rights cover include lands that our records show you are operating and are owned by the Careless Creek Livestock Company, the Northern Pacific Railroad Co., and Norman C. Barnard.

If there is anything that we can do to help you we would be very glad to do so. Our office is located in the Roosevelt School Building on 23rd St. & 4th Ave. North in Billings, Montana.

Remember, this is your water and your water rights that we are trying to help you with.

Very truly yours,

Gerald J. Gravets  
Assistant State Engineer

GJG/a  
enc.
