County of Beaverhead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1922

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 miners' inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 25 acres in Section 7, T.10 S., R.11 W., Beaverhead County. R. A. Wellborn, owners.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1922

8. The depth of water table: 5 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Pit 100 ft. long, 40 ft. wide and 20 ft. deep was dug. Water seeps in and fills the pit and an electric pump is used to pump out and irrigate with.

10. The estimated amount of groundwater withdrawn each year: 40 acre-feet

11. The log of formations encountered in the drilling of each well if available: Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: No further information

2. The beneficial use on which the claim is based, Irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1948.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 80 miners inches.

5. If used for irrigation, give the acres and description of the lands to which water has been applied and name of owner thereof. 70 acres irrigated S.E. NW 1/4 Sec. 7 and S.E. NW 1/4 Sec. 8, T. 10 S., R. 11 W.  
R.A. Wellborn & Hattie Wellborn, owners.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1948.

8. The depth of water table feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Pit 250 ft. long, 10 ft. wide and 25 ft. deep was dug. Water seeped in and an electric pump was used to withdraw water from the pit for purpose of irrigating the above-described ground.

10. The estimated amount of groundwater withdrawn each year 30 acre-feet.

11. The log of formations encountered in the drilling of each well if available. Does not apply.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No further information available.

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

**Excavated seepage area 263 feet to water, steel catchment basin water piped to (2) steel stock water tanks.

900 gallons storage.**

Indicate point of appropriation and place of use, if possible.

Livestock use -- yearly

Game use -- year long

Signature of Owner

Date... August 13, 1970.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater
December 16 1963

Contractor (if any)
Not applicable

Address of Contractor

Date Started
Not applicable

Date Completed
Not applicable

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Continuous flow

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent,
estimate approximate lengths of periods of use.

Natural spring

Used 5 months of
year for livestock water

Indicate point of appropriation
and place of use, if possible.

Signature of Owner
Christian Christiansen
Date 12-16-1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in
which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the
Montana Bureau of Mines and Geology and Quadruplicate for the Appraoctor.
STATE OF MONTANA.
County of Beaverhead.

I hereby certify that the within instrument was filed in my office on the 18th day of Dec., A.D. 1963, at 11:50 a.m.
postmarked 1/10 and recorded on page 121 of Book 123 of
Deeds, Records of Beaverhead County, Montana.

Attest: in hand and seal.

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: Rock Island Oil & Ref. Co., Inc. or P. O. Box 271
   Address: Dillon
   Town:
   County of Beaverhead, State of Montana
   Intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is "Water for drinking and sanitary use at Jake Camp." (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed is .7 G.P.M.

4. The annual period (inclusive dates) of intended use: January 1 through December 31.

5. The probable or intended date of first beneficial use: January 10, 1964

6. The probable or intended date of commencement and completion of the well* or wells*:

7. The location, type, size and depth of well or wells contemplated: NWK NWK Sec. 3, T 10S, R 7W, Well for drinking & sanitary water. Size 6" P.D. Depth 61'.

8. The probable or estimated depth of the water table or artesian aquifer: 13'.

9. Name, address and license number of the driller engaged: Carl Bollensdorfer, Dillon, Montana, License No. 9.

10. Give such other similar information as may be useful in carrying out the policy of this act:

    ATTEST:
    
    ROCK ISLAND OIL & REFINING CO., INC.
    Signature of Appropriator:
    Date: February 10, 1964

* As defined in the Code Sec. 1 (a) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Rock Island Oil & Refining Co., Inc.
Address: Dillon, Mont.
Driller: Frank F. Haller
Date of Notice of Appropriation of Groundwater: Jan. 9, 1964
Date Well Started: Jan. 9, 1964
Date Completed: Jan. 10, 1964

Type of Well: Drilled
Equipment Used: Churn Drill
(Drilled, driven, bored or other)

Water Use:
Domestic [ ]
Municipal [ ]
Other [ ]
Irrigation [ ]
Industrial [ ]
Drainage [ ]
Stock [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.
