Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater...1930
Owner...State Land Address...Helena, Mont
Contractor (if any)...none
Address of Contractor...none
Date Started...Spring...Date Completed...Natural Spring

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring about 50 feet from deeded land. Flow into deeded land, by natural water bed and used for stock.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. All water used for stock and camp.

Natural Spring Amount depends on moisture from snow and rain.

Signature of Owner...Howard J. Brent
Date...December 7, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA,  
County of Beaverhead.

I hereby certify that the within instrument was filed in my office on the 9th day of December, 1949, at 5 o'clock p.m., and recorded on page 209 of Book 132 of Vital Rights, Records of Beaverhead County, Montana.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Robb-Creek Cattle Association, Inc., of Sheridan, Madison County, State of Montana,
Name of Appropriator (Address) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is present use of one spring in Beaverhead County for stockwater purposes.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been since 1855: continuously since 1855.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) is.

5. If used for irrigation, the acreage and description of the lands to which water has been applied and name of the owner thereof is.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal is.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater is.

8. The depth of water table is variable.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater is.

10. The estimated amount of groundwater withdrawn each year is.

11. The log of formations encountered in the drilling of each well if available is.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record is.

Signature of Owner

Date: December 30, 1961

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

County of Madison, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based is use as stock-water of one spring in Beaverhead County

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1865; continuous since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). The total spring flow

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Accumulation in reservoir.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1865.

8. The depth of water table. Variable and uncertain.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 0.

10. The estimated amount of groundwater withdrawn each year. The total flow of spring

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. This spring is located in Section 15, T. 10 S., R. 5 W., E.P.M.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

O. Eda Freeman

(Name of Appropriator)

of Grant Star Route

(Address)

Dillon

(Town)

County of Beaverhead

(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Stock water.

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1900.

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 miners inches.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not apply.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Natural flow.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1900.

7. The depth of water table: Surface.

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Bug out and rock springs for stock water and increased the flow by digging them out.

9. The estimated amount of groundwater withdrawn each year: 20 acre-feet per year.

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None available.

Signature of Owner: O. Eda Freeman

Date: Dec 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Sidney McClenard, of Grant, State of Montana,
(Address)
(Town)
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation, for stock watering.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
