Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Robert J. Harrison of Helena, Montana.
   (Name of Appropriator)  City of: BEAVERHEAD
   (Address)  State of: MONTANA

2. The beneficial use on which the claim is based: HOUSEHOLD

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   DATE: OCT 1, 1970  DAILY

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   0 GALLONS PER MINUTE.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   NOT APPLICABLE

6. The means of withdrawing such water from the ground and the location of the well or other works for the withdrawal of groundwater.
   CINDER BLOCK RESERVOIR

7. The date of commencement and completion of the construction of the works for withdrawal of groundwater.
   Date: 5/1/1970  Date: 5/1/1970

8. The depth of water table.
   505 FEET CINDER BLOCK RESERVOIR

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   DECOMPOSED

10. The estimated amount of groundwater withdrawn each year.
    300,000 GALL.

11. The log of formations encountered in the drilling of each well if available.
    DECOMPOSED

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Land being purchased on contract by: ROBERT J. HARRISON  DATE: 10/4/1970

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1901)

Date of Appropriation of Groundwater: 1946
Owner: W.H. Paddock
Address: Dillon, Mont.
Contractor (if any): Straussner Plumbing
Address of Contractor: Dillon, Mont.
Date Started: July 1946
Date Completed: August 1946

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

- Piped Seam Developed
- Spring Developed
- Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Quotation: "To Dillon"

Indicate point of appropriation and place of use, if possible.

Signature of Owner: W.H. Paddock
Date: Dec. 31, 1946

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Marcus E. Staudt
   (Name of Appropriator)
   (Address)
   (Town)
   County of Beaverhead
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic use and irrigating lawn around house.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: November 1, 1958, has been used continually since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1 acre lawn.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric pump with pressure tank for house use; centrifugal pump to irrigate lawn; well is 8 ft. west of present house, NE 1/4 SW 1/4 Sec. 16 T 5 S R 9 W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: commenced October 4, 1958, and completed October 20, 1958.

8. The depth of water table: 34 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: it is a dug well, cased with 2 places of cement pipe 3 ft. in diameter and 4 ft. long making the wall 8 ft. deep and 3 ft. in diameter.

10. The estimated amount of groundwater withdrawn each year: 300,000 gals.

11. The log of formations encountered in the drilling of each well if available: first 3 feet is sandy loam, next 3 feet is sandy loam with rock than goes into about 4 feet of gravel with fairly large rock.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

Signature of Owner: Marcus E. Staudt

Date: Nov 14, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
STATE OF MONTANA, 
County of Beaverhead.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Marcus R. Stauduhar, of P.O. Box 566, Dillon,
   County of Beaverhead, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   The beneficial use on which the claim is based
   water for cattle

   Date or approximate date of earliest beneficial use; and how continuous the use has been
   November 1, 1961, used continually

   The amount of groundwater claimed (in miner's inches or gallons per minute) 15 gal. per minute

   If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not used for irrigation

   The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
electric pump with pressure tank located in corral, NB SW SE T 55 R 9W

   The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Commenced August 15, 1961, completed October 20, 1961

   The depth of water table 3 ft.

   So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   A dug well,cased in with one place three feet in diameter and four feet long, cement pipe and finished with cement foundation and wood building on top, which makes the well six feet deep and three feet in diameter

   The estimated amount of groundwater withdrawn each year 200,000 gal

   The log of formations encountered in the drilling of each well if available
   first, one foot sandy loam and then about 2 feet of sandy loam with rock, then 3 feet of gravel with some fairly large rocks

   Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record none

   Signature of Owner

   Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: April 1, 1930.

Owner: M.H. Stauduhar
Address: Box 888, Dillon, Mont.

Contractor (if any): none
Address of Contractor: 

Date Started: Date Completed: 

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. (2) two natural springs about 500 ft. apart, water appear naturally to surface and flows each down its own ditch and each pick up more water for about next 1000 ft. from small springs as it flows on down. The springs were there when we bought the place in 1930.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: 

Estimate about 30 miner inches of water flows from each spring. They are used all winter: 

Signature of Owner: M.H. Stauduhar
Date: December 11, 1946

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located. 

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

   3. Date or approximate date of earliest beneficil use; and how continuous the use has been: 1896

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 miners inches

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Driven pipe 6 inches in diameter, removed by pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1896

   8. The depth of water table: 24 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6 inch pipe driven in ground. Water raises to 24 feet from surface.

   10. The estimated amount of groundwater withdrawn each year: 12,000,000 gal.

   11. The log of formations encountered in the drilling of each well if available: None available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not applicable.

   Open A Ranch
   Signature of Owner
   Date: Dec. 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of First Beneficial Use
June 1, 1960.

Date of Appropriation of Groundwater

Owner: Tom Larson Address: Dillon, MT.

Contractor (if any): WALT HUPLOT

Address of Contractor: Dillon, MT.

Date Started: Dec. 4, 1959 Date Completed: Sept. 23, 1960

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
to water when applicable. Water obtained by means
of constructing open ditches.

Ditch Depth to Water - 6 to 8 ft.
Water lifted from ditch by
checking or pumping.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use. Estimated

Quality of Water Used - 0.75 CFS.

Period of Annual Use: May 15th
To Oct. 30th.

Signature of Owner
Date: Jan. 9, 1962

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in
which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the
School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA, ss.
County of Beaverhead

I hereby certify that the within instrument was taken in my office on the
2nd day of Jan., A.D. 1862, at 10 o'clock a.m., and recorded on
page 147 of Book 183 of

Records of Beaverhead

County, Montana.

Affix my hand and seal.

Static Water Level for non-flowing well: 15 ft.

 Shut-in Pressure for Flowing Well: 175 ft.

Pumping Water Level: 140 ft.

Discharge in gal. per min. of flowing well: 20 gal.

How Tested: Drilled

Length of Test: 1 hr. 45 min.

Remarks: (Gravel packing, cementing, packers, type of shut-off)

Use—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Show exact depth of bottom.

North to bottom 11 ft.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
