Notice of Completion of Groundwater Appropriation

Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1910 - 1923

Owner: Graham  Address:  
Contractor (if any):  
Address of Contractor:  
Date Started:  Date Completed:  

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.  

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.  

Indicate point of appropriation and place of use, if possible.  

Signature of Owner: Graham  Date: 12-30-63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate to the Appropriator.
STATE OF MONTANA

County of Beaverhead

I hereby certify that the within instrument was filed in my office on the 21st day of December, A.D. 1963, at 12:00 p.m., and recorded on page 473 of Book 133 of Wills, Records of Beaverhead County, Montana.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

Owner: Data Ferris
Address: Dillon, Montana

Driller: Briggs Drel; Contractor: Address: Dillon, Montana

Date of Notice of appropriation of groundwater: Sept. 15, 1969
Date well started: Sept. 15, 1969

Type of well: Borehole
Equipment used: Churn drill

Water use: Domestic

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
10 feet

Shut-In Pressure for Flowing Well
30 feet

Pumping Water Level
10 gal. per minute

Discharge in gal. per min. of flowing well

How Tested: Test pump

Length of Test: 12 hrs.

Remarks: (Gravel packing, cementing, packers, type of shut off)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: **stock, water, and irrigation**

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: **before 1876, continuous in all proper times and seasons since that time**

4. The amount of groundwater claimed (in miner's inches or gallons per minute): **up to 100 miners inches**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: **3/4 sections of 160 acres in E1/2 of SE of Sec. 9, and W 1/2 of W1/2 of Sec. 10, all in T6S R8W. Water and land owned by Archie W. and Lucy Hayden**

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: **ditch, deep enough to reach into water bearing strata, 3-5 ft deep with some pits dug or blasted deeper**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: **prior to 1876**

8. The depth of water table: **unknown**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: **open ditch deep enough to reach into water bearing strata, 3-5 ft deep with some pits dug or blasted deeper**

10. The estimated amount of groundwater withdrawn each year: **up to 100 miners inches**

11. The log of formations encountered in the drilling of each well if available: **pebbly gravel**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: **none**

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 30, 1961

Owner: R.A. Malasich  Address: Dillon, Montana

Contractor (if any): Walter Bugalet

Address of Contractor: Dillon, Montana

Date Started: May 1, 1961 Date Completed: Nov. 1961

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes." Include depth to water when applicable, construction of drain ditch and interception of groundwater—pump out of drain into irrigation ditches. See appropriation filed June 30, 1961, Bk. 138, pgs. 131-132, Official Records of Beaverhead County, Montana.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Over dams and through electric pump. Claimed amount: 600 miner's inches.

Indicate point of appropriation and place of use, if possible.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Ch. 237, Montana Session Laws, 1961)

1. Thomas William & Roberta Williams
   (Name of Appropriator)
   (Address) Kalispell
   (Town)

County of Beaverhead
State of Montana

have appropriated groundwater according to the Montana Laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Stock Water

3. Date or approximate date of earliest beneficial use; and has continuous use since:
   1950

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   20,000 gallons

   Indicate point of appropriation. If used for irrigation, give the average and description of the lands to which water has been not applicable

5. Each small square represents 10 acres.

6. The means of withdrawing such water from the ground & the location of each well or other means of withdrawal:
   Electric Pump

7. The date of commencement & completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   1960

8. The depth of water table:
   8 ft

9. So far as it may be available, the type, size & depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   10 ft. deep, 5 inch casing, 10 inch screen

10. The estimated amount of groundwater withdrawn each year:
    6,000,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book & page of any county record:
    not available

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Archie W. Hayden
   (Name of Appropriate)
   Box 387
   Dillon
   (Address)
   County of Beaverhead
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is
   Irrigation
   and stock water

3. Date or approximate date of earliest beneficial use: October 1945
   and how continuous the use has been: Continuously since that time
   in all proper times and seasons

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   up to 350 miners inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner:
   90 acres
   SW 1/4 SE 1/4 Section 8, T.7S., R.29W
   Beaverhead
   Montana

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawing water:
   Natural pressure and excavations made by blunting and by dragging

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   August 1947

8. The depth of water table
   50 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Excavations were made which were 60 feet wide
   and 30 feet long
   and the depth varied from 1 to 30 feet
   to as much as 50 feet
   Such excavations were in the nature of a trench or ditch which tapped underground water and connected with existing ditch systems not shown on plat.

10. The estimated amount of groundwater withdrawn each year:
    This water has never been measured but probably in excess of 2000 acre feet

11. The log of formations encountered in the drilling of each well:
    Good clay or peat underlaid with gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   
   Signature of Owner: Archie W. Hayden
   Date: Dec. 31, 1967

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
