3. Date or approximate date of earliest beneficial use; and how continuous the use has been: **Two wells; first 1948 and second, 1960**.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Each well **40 gal. per minute**.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: **Not apply**.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Both wells: **have electric pump to withdraw water**.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. **First well completed 1948; second well completed 1960**.

8. The depth of water table. **Each well has water table 35 feet**.

9. So far as it may be available, the type, size and depth of each well on the general specifications of any other works for the withdrawal of groundwater. Each well is **80 feet deep**; **First well 6-inch casing and second well 8-inch casing. Both have electric motors for withdrawing water**.

10. The estimated amount of groundwater withdrawn each year. **15,000,000 gal. per year for each well**.

11. The log of formations encountered in the drilling of each well if available: **Gravel formation throughout**.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: **No information**.

**CENTENNIAL LIVESTOCK**  
Signature of Owner: **William S. LeFevre**, Vice-President, **Dec. 31, 1963**
