Notice of Completion of Groundwater Appropriation by Means of Well

State of Montana
Office of State Engineer

County: Beaverhead

Date: January 15, 1964

Notice of Completion of Groundwater Appropriation

Under Chapter 237, Montana Session Laws, 1961

Owner: Ray Hildreth
Address: Dillon, Mont.

Driller: Carl P. Hollestein
Address: Dillon, Mont.

Date of Notice of Appropriation of Groundwater: May 15, 1963

Date well started: May 15, 1963
Date completed: May 16, 1963

Type of well: Drilled
Equipment Used: Churn drill

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well:

<table>

(Under Chapter 237, Montana Session Laws, 1961)

Clarence Koenig
(Name of Approprior)

Dillon
(Address)

County of Beaverhead
(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based, Irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been, July 1961. Used continuously thereafter during the irrigation season.

4. The amount of groundwater claimed (in miner's inches or gallons per minute), 150 inches.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof, 80 acres. Irrigating NW\NW Section 7, T.7S R.8W Beaverhead County, Mont.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal, Gasoline pump. NW\NW Section 7, T.7S R.8W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Pit commenced in May 1955. Developed water but did not put to beneficial use until July 1, 1961.

8. The depth of water table, 22 ft. at lowest point of year, 8 ft. at the highest point.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Open pit 20 ft. deep and 18 ft. x 16 ft. in dimensions at the top.

10. The estimated amount of groundwater withdrawn each year, 150 inches of water per day.

11. The log of formations encountered in the drilling of each well if available, No log formation available, but after the first few feet of top soil, the formation is all gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner, Clarence Koenig
Date, May 2, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based — home and farm use.

3. Date or approximate date of earliest beneficial use; and how continuous
the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons
per minute) — 25 gallons per min.

5. If used for irrigation, give the acreage and description of the
lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the
location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

(State of Montana)

I, Helena Independent Record

I declare and certify that the information contained herein is true, complete, and correct.

Count of Deerhead

STATE ENGINEER

RECEIVED
DEC 8, 1963

1. The beneficial use on which the claim is based:
   - Irrigation
   - Other (specify)

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1927 - Continuously

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 450

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - Acreage: 3
   - Description: Small garden
   - Owner: Stahl

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Electric pumps
   - Month of withdrawal: May

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Electric pumps
   - Month of withdrawal: May

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Commenced: 1927
   - Completed: 1927

8. The depth of water table: 100

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Type: Electric
   - Size: Open well
   - Depth: 10 feet

10. The estimated amount of groundwater withdrawn each year: 600

11. The log of formations encountered in the drilling of each well if available:
   - formations: Clay, sand, gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Stahl

Date: Dec 8, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropirator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. William Brooks & Fern Wheeler, of Dillon

County of Beaverhead State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based — water for —

3. Date or approximate date of earliest beneficial use; and how continuous

   use has been April 7, 1957

   continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute) — 10 g.p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal — Brocheuse trailer court — jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater — May 7, 1957 — May 8, 1957

8. The depth of water table — static level — 6'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater — 6" drilled, cased with 6" O.D. casing, 58' deep

10. The estimated amount of groundwater withdrawn each year — 300 to 500 g.p.m. 12 hrs.

11. The log of formations encountered in the drilling of each well is available — Sand & gravel to 15 ft. then clay and sand to 58 ft. Finished in coarse sand

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

John Plutt
of
Box 16, Dillon
County of Beaverhead
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household use, livestock purposes, and other uses.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: The water has been in continual use since the turn of the century.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Unknown.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: The water is pumped from 1 well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: The well was drilled years ago, the exact date is unknown.

8. The depth of water table: Unknown.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: The well is about 80 feet deep.

10. The estimated amount of groundwater withdrawn each year: Unknown.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Date October 1, 1963

Signature of Owner

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA, County of Beaverhead, ss. 1087/22
