have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based:
Dwterm. a Wruter proprietor purposes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
June 1952

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 350 gal per day

5. If used for irrigation, give the screen and description of the lands to which water has been applied and name of the owner thereof used for watering of lawn only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: March 1952

8. The depth of water table:
20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
56' depth - hand driven

10. The estimated amount of groundwater withdrawn each year:
One million gal

11. The log of formations encountered in the drilling of each well if available:
Sand, gravel & sandstone

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:
W. J. A. Truitt
Dec. 21, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
DECLARATION OF VIVIAN E. BOWEN
(Under Ch. 24, Montana Environmental Code, 1989)

Date of application: JAN 20, 1984

County of Beaverhead, State of Montana

Appropriation of groundwater according to the United States in effect prior to January 1, 1982, as follows:

1. The beneficial use on which the claim is based:
   Household & Gardens

2. Sec. 18 T. 7 R. W.

3. Date or approximate date of earliest beneficial use:
   1947

4. The amount of groundwater claimed in miner's inches of gallons per minute:
   30 gallons per minute

5. The means of withdrawing such water from the ground & the location of such well or other means of withdrawal:
   Pressure Pump

6. The date of commencement or completion of the construction of the well, wells, or other works for withdrawing of groundwater:
   1947

7. The depth of water table:
   25 feet

8. So far as it may be available, the type, size & depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   36 feet deep & 10 in. casing

9. The estimated amount of groundwater withdrawn each year:
   1,000,000

10. The log of formations encountered in the drilling of each well if available:

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book & page of any county record:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Max Lee Godfrey, of East Serene St., Box 403, Dillon, Montana

1. (Name of Appropriator) (Address) (Town)

County of Beaverhead

2. The beneficial use on which the claim is based:

- Household, drinking, culinary, and lawn

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

- Spring of 1936, this has been continuous since that date

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

- 180 Gals. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

- Same owner, lawn and garden use

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

- Deep well, submersible pump, electric

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

- Early Spring of 1936

8. The depth of water table.

- 62 Feet

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

- Steel-cased well 6", Drilled 122 feet deep. It is 60 feet to water with water standing 62 feet in well

10. The estimated amount of groundwater withdrawn each year.

- 200,000 gals

11. The log of formations encountered in the drilling of each well if available.

- Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

- Well drilled by White and Holstenstiner

Signature of Owner: Max Lee Godfrey

Date: November 6, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Mary Isabella Hartwig
   (Name of Appropriator)
   of 501 No. Utah St., Dillon, Mont.
   (Address)
   (Town)
   County of Beaverhead, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Irrigation for livestock and domestic.

3. The date or approximate date of earliest beneficial use; and how continuous the use has been
   1928 for irrigation, 1951 for domestic.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute)
   20 g.p.m. for domestic.
   35 g.p.m. for irrigation.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   240 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   C.H.F. well pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1928 for irrigation.

8. The depth of water table
   2 ft. below level 60 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater about 3 ft. sq., shallow dug well, 17 ft. deep, 2nd casing for driven well, 28 ft. deep.

10. The estimated amount of groundwater withdrawn each year
    2,000,000 gallons.

11. The log of formations encountered in the drilling of each well if available.
    Tertiary, lake bed.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner: Mary Isabella Hartwig
   Date: Jan. 5, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

**Description of Material Drilled**

STATE OF MONTANA
County of Beaverhead

Filed on the __________

Date of November A.D. 1957

By: Deputy Recorder.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Mont. Session Laws, 1961)

Ed M. H. Ennis
136 East South St. Dillon
County of Beaverhead
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of such well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner
Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA, ss. 104098

County of Beaverhead.

I hereby certify that the within instrument was filed in my office on the 20th day of November, A.D. 1924, at 10 o'clock, A.M., and recorded on page 22 of Book 15 of Recorded Deeds of Beaverhead County, Montana.

Attest: my hand and seal,

[Signature]

Deputy County Recorder.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Willie F. Koeneke
420 So. Dak. St., Dillon

County of Beaverhead
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. Address
3. Town

2. The beneficial use on which the claim is based: Household & Irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Feb. 13, 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 29 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Willie F. Koeneke
Date: December 10, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

of

County, Montana.

Attorney at law and notary

Evelyn J. Sage
County Recorder

Sworn to, signed, sealed and filed

Dec. 6, 1912.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Lyle C. Taurek
   (Name of Appropriator)
   of 980 E. Lebue, Dillon
   (Address)
   (Town)
   County of . Beaverhead
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   for creek irrigation, but not on
   farm. Thereafter

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   1950 - 1960

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   80 gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1950

8. The depth of water table
   8-10 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Drilled well
   30 ft

10. The estimated amount of groundwater withdrawn each year
    2,500,000 gal.

11. The log of formations encountered in the drilling of each well if available:
    16 ft of gravel, 20 ft nearly clay - finished in concrete seal

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date: December 19, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. 

2. The beneficial use on which the claim is based is:

bathing, watering, or irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1947 continuous to present.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) 10 gal per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well, or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1947.

8. The depth of water table

9. So far as it may be feasible, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

Drilled well 6 in casing

10. The estimated amount of groundwater withdrawn each year

Million gal per yr.

11. The log of formations encountered in the drilling of each well if available:

drilled before obtaining permit.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

Owner: Martin Koledich  Address: Dillon, Montana
Driller: Earl F. Hollenstein  Address: Dillon, Montana

Date of Notice of appropriation of groundwater: December 2, 1969
Date well started: December 2, 1969  Date completed: December 3, 1969

Type of well: Drilled  Equipment used: Churn Drill

Water use: Domestic  Municipal  Stock  Irrigation

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

---
