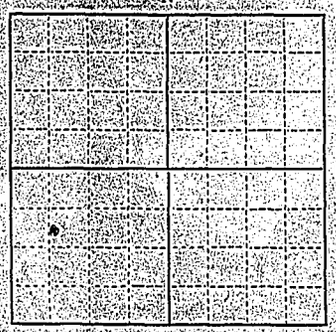
Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. George A. Rebich (Name of Appropriator), of Dillon (Address) (Town)
County of Beaverhead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:



W½ SW ¼ Sec. 5 T 7S R. 8W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based well by house used for household, stock water, irrigation of lawn and garden. Well by barn used for stock water and irrigation of field.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been Spring of 1881 and continuously since that date for both wells.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) by house--365,000 gal. per minute. Well by barn--460 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Well by house used to irrigate lawn 200' x 80', garden 100' x 80'. By barn used to irrigate field totaling approximately 25 acres. Owners--Geo. A. & Jane E. Rebich

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Well by house--electric pump. Well by barn--tractor powered water level from 1940 et. seq. until about yr. year 1952. Electric powered pump before and after above period

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Well by house--1881. Well dug to depth of approx. 62 ft in 1940. Well by barn--dug well with increased usage. 6" casing installed about 1942.

8. The depth of water table. By house--30 ft. By barn--20 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. By house--4" casing--62 ft. deep. By barn--6" casing--60 ft. deep.

10. The estimated amount of groundwater withdrawn each year Well by house--365,000 gal.
" by barn--120,032,000 gal. **

11. The log of formations encountered in the drilling of each well if available. ---not available

-- ** used over a period of 180 days during irrigating season with additional water for stock water purposes during remainder of year --

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record none

Signature of Owner George A. Rebich

Date Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Ch. 237, Montana Session Laws, 1961)

RECEIVED
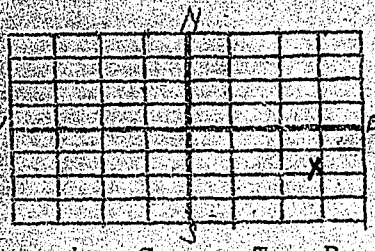
JAN 15 1964
STATE ENGINEER

I, Lillian K. Freeman (Name of Appropriator), of Rte 1, Box 22 Dillon Mont (Address)

County of Beaverhead State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:



NW ¼ SW ¼ Sec. 6 T. 9S R. 4W

Indicate point of appropriation & place of use, if possible. Each small sq. represents 10 acres.

2. The beneficial use on which the claim is based Domestic, Livestock, garden

3. Date or approximate date of earliest beneficial use; and how continuous the use has been continually since 1880

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 35 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground & the location of each well or other means of withdrawal Pressure Pump & Line Pump -

7. The date of commencement & completion of the construction of the well, wells, or other works for withdrawal of groundwater ~~approximately 1935~~ Dug in 1880 - Drilled -

8. The depth of water table 25 feet

9. So far as it may be available, the type, size & depth of each well or the general specifications of any other works for the withdrawal of groundwater Dug Apx 25 feet - Drilled 50 feet Total Depth 75 feet Well Casing

10. The estimated amount of groundwater withdrawn each year 3,000,000

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book & page of any county record

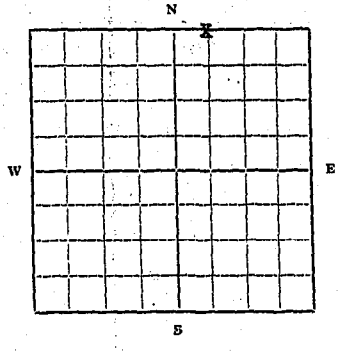
DEC 30 1963
STATE ENGINEER

1. Robert F. & Lois M. Boka, of RR 1 Box 68B Dillon
(Name of Appropriator) (Address) (Town)
County of Beaverhead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:



NW ¼NE Sec. 7 T. 7S R 8W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based ..... Household

3. Date or approximate date of earliest beneficial use; and how continuous the use has been ..... Earliest Date Unknown Continuous Use

4. The amount of groundwater claimed (in miner's inches or gallons per minute) ..... 20 Gal. per. min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof ..... Not Applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal ..... Jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater ..... Date of construction and completion unknown 1958

8. The depth of water table ..... 20 Ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater ..... 55 Ft. Depth 6 in. Casing

10. The estimated amount of groundwater withdrawn each year ..... 220,000 Gals.

11. The log of formations encountered in the drilling of each well if available ..... Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....

Signature of Owner.....

Date.....

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

(Under Chapter 237, Montana Session Laws, 1961)

Owner Raymond Curtis Address Dillon, Mont.

Driller Carl F. Hollensteiner Address Dillon, Mont.

Date of Notice of appropriation of groundwater ****

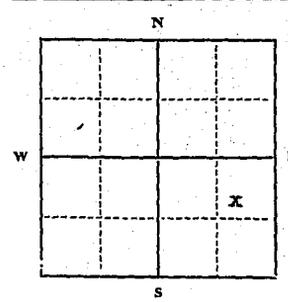
Date well started Oct. 25, 1966 Date completed Oct. 25, 1966

Type of well Drilled (Dug, driven, bored or drilled) Equipment used Churn Drill (Churn drill, rotary or other)

Water use: Domestic [X] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
6"	6" I.D. 18.97 seamless	2	22	torch cut slots about 1/8 x 5	17	21



NE 1/4 SE Sec. 7 T 7S R 8W

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Static Water Level for non-flowing well 10 feet.

Shut-in Pressure for Flowing Well ***

Pumping Water Level 18 feet at 30 gal. per minute.

Discharge in gal. per min. of flowing well ***

How Tested test pump

Length of Test 1 hr

Remarks: (Gravel packing, cementing, packers, type of shutoff) ***

.....(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

***

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

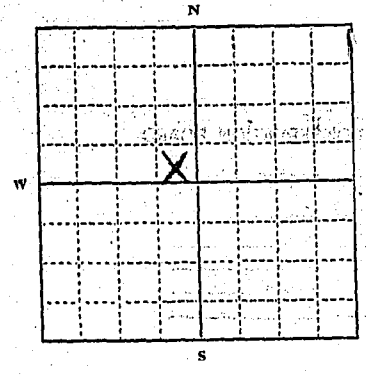
Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. D L Griffis, (Name of Appropriator) of Box 265 Dillon, Montana (Address) (Town)

County of Beaverhead State of Montana (Club Royal) have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:



SE ¼ NW Sec. 7 T. 7S R. 8W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Household N.T.P. Club Business

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1946 use has been continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute) ?

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal 1 well with Efco pump under Club Royal Bldg.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1948

8. The depth of water table 35 Ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 1 well 85' deep 6" casing

10. The estimated amount of groundwater withdrawn each year 200,000 Gallons

11. The log of formations encountered in the drilling of each well if available Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

Signature of Owner D L Griffis

Date Sept 8-1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
