### Declaration of Vested Groundwater Rights

**Office of State Engineer**

**Declaration of Vested Groundwater Rights**

(Under Ch. 237, Montana Session Laws, 1964)

JAN 15 1964

**Name of Appropriate:**

**Address:**

**County:** Beaverhead

**State:** Montana

I, Peter Stefanchik, have appropriated groundwater according to the Montana Law in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

   - Home, Garden, Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

   - 1960

4. The amount of groundwater claimed (in cubic inches or gallons per minute)

   - 30 gallons per minute

5. The location of point of appropriation. If used for irrigation, give the acreage and description of the land to which water has been applied. Each small sq. represents acres or approximate.

6. The means of withdrawing such water from the ground & the location of each well or other means of withdrawal

   - Lift Pump

7. The date of commencement & completion of the construction of the well, wells, or other works for withdrawal of groundwater

   - 1960

8. The depth of water table

   - 50 ft

9. So far as it may be available, the type, size & depth of each well or the general specifications of any other works for the withdrawal of groundwater

   - 4 inch - 62 ft - 150 ft - 2070

10. The estimated amount of groundwater withdrawn each year

    - 2,500,000

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book & page of any county record

### Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

**Habitat of Patricia Ryan**

**County of Beaverhead**

1. State of Montana

**Administrator of Groundwater Code**

**Office of State Engineer**

**Jan 15, 1964**

**Statement**

I, Patricia Ryan, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The name and address of the owner (Name of Appropriator) (Address)

2. The beneficial use on which the claim is based: (Livestock)

3. The date or approximate date of earliest beneficial use, and how continuous the use has been: (1950)

4. The amount of groundwater claimed (in miner's inches or gallons per minute): (300, 2.5 gallon per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: (Approximately 40 acres - Linnick Irrigation Canal of Montana)

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: (Electric Pump)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: (1950 - 1951), (1952)

8. The depth of water table: (60 to 75 ft)

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: (Drillage, 180 ft depth)

10. The estimated amount of groundwater withdrawn each year: (1200 acre feet)

11. The log of formations encountered in the drilling of each well if available: (Not available)

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: (Not available)

**Signature of Owner:** Patricia Ryan

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1909

Owner: Catherine Hawking
Address: 36 N. Idaho, Dillon, Montana
Contractor (if any): None
Address of Contractor: None

Date Started: 1909 Date Completed: 1909

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Water is obtained from those two certain natural springs which rise on the SW 1/4 Sec 27, T 6 S R 9 W. Each of the springs flows about 20 miners inches per second directly out of the ground.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Quantity of water developed and used is entire flow of both springs, or about 40 miners inches per second flow. No method used or required to develop the waters of springs. The only means thus far employed to estimate the quantity of such waters is by observation. No method has to date been needed or required to develop the waters, since the same rise in virtue of natural processes.

Signature of Owner: Catherine Hawking
Date: December 24, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 22, 1914
Owner: Catherine J. Hawkins
Address: 256 N. Idaho St., Dillon, Montana
Contractor (if any): None
Address of Contractor: None

Date Started: May 22, 1914. Date Completed: May 22, 1914

Describe means of obtaining groundwater without a well “as by
sub-irrigation and other natural processes”. Include depth to
water when applicable. Water is obtained from a natural
spring which rises directly out of the ground. The spring extends over an area of
about 100 feet by 40 feet. It is situated on the SE 1/4, Sec. 25, T. 8 S., R. 9 W., and
the waters thereof flow Northeasterly to, over
and upon NGSW Sec 27, T. 8 S., R. 9 W.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use. Quantity de-
veloped and used is entire flow of spring,
or an average flow of about 120 miners inches
per second. No method used or needed to de-
volve water, and only means thus far em-
ployed to estimate quantity thereof is by
observation.

Signature of Owner: Catherine J. Hawkins
Date: December 22, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Carlyle and Erma Chaffin
1. Gayle C. and Larry M. Chaffin of Grand Star Route, Box 3 Dillon
   (Name of Appropriator) (Address) (Town)

County of Beaverhead, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1890. Continuous and redrilled in 1955.

4. The amount of groundwater claimed (in miles, inches, or gallons per minute): 10 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1890. Redrilled 1955.

8. The depth of water table: 16 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well 45 feet deep, 8-inch casing, with electric pump, to withdraw water.

10. The estimated amount of groundwater withdrawn each year: 2,000,000 gal. per year.

11. The log of formations encountered in the drilling of each well if available: Gravels.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No available.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Carlyle and Erma Chaffin
1st and Larry M. Chaffin
of Grant Star Rte. Box 3 Dillon
(Address) (Town)
County of Beaverhead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... The water is used for irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. The earliest beneficial use was in June of 1952, and use has been made... every year since, during irrigation season.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 2000 gals. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 100 acres. All Sec. 7: The S.E.1/4; S1/2 of N.E. 1/4; E 1/2 of SW1/4; SE1/4 of NW 1/4 of Sec. 6 all in T 8 S, R 8 W. Carlyle & Erma, Gayle C. and Larry M. Chaffin.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. 20 horse power electric motor. The well is located in the south east corner of Sec. 7, T 8 S, R 8 W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawing groundwater. The well was started in Aug. 1951, and finished in Sept. of 1951. The pump was installed in May, 1952.

8. The depth of water table 54 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. It is a drilled well, having a 20 inch casing and is 186 feet deep.

10. The estimated amount of groundwater withdrawn each year. 1719 acre feet.

11. The log of formations encountered in the drilling of each well if available. First 1.5 feet, 2 feet sand & pei gravel, 3 to 20 sand and gravel, 20! to 64! fine sand & gravel, 56! to 87! water bearing sand & gravel, 87! to 72! sand & gravel, 72! to 145! water bearing coarse gravel & sand, 145! to 180! clay, 180! to 215! clay, sand, gravel with fair water, 215! to 286! clay.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1961, as follows:

1. The beneficial use on which the claim is based: water used for watering stock.

2. Date or approximate date of earliest beneficial use: November 1925 and every year since.

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 5.25 gals per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not used for irrigation.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric submersible pump located in well.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: about June 1, 1925, finished about July 1, 1925.

7. The depth of water table: about 25 feet.

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6" steel casing, not perforated, well about 80 feet deep.

9. The estimated amount of groundwater withdrawn each year: 7000 gals per day for 180 days.

10. The log of formations encountered in the drilling of each well if available: not available.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.
