Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Appropriator] of [Address], [Town], County of [County], State of [State], have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Declaration of Vested Groundwater Rights

FRANK JENKINS and ELLEN G. JENKINS of Hardin

County of Big Horn, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been in continuous use since 1925

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute per well

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater these wells have been in use since 1925, and were on the property when acquired by the undersigned.

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: There is a 6" casing on each well with a pump immersed in the casing. Wasterly well is 85 feet deep and the easterly well is 15 feet deep.

10. The estimated amount of groundwater withdrawn each year about 600,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available

Not available

12. Such other information of a similar nature as may be necessary in carrying out the policy of this act, including reference to book and page of any county record

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

M. ABBEY F. RAGLAND, of HARDIN

County of BIG HORN State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator: M. ABBEY F. RAGLAND
   Address: HARDIN
   County: BIG HORN
   State: MONTANA

2. The beneficial use on which the claim is based: HOUSEHOLD, LIVESTOCK LAWNS AND GARDENS, IRRIGATION

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1940, USED DAILY

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 GALLONS PER MINUTE

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: PUMP

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1940 COMPLETED FOR PUMPING

8. The depth of water table: 14 FT

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: HAND DUG WELL 20 FT DEEP, 36" CAVERN

10. The estimated amount of groundwater withdrawn each year: 100,000 GALLONS

11. The log of formations encountered in the drilling of each well if available: 

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: M. ABBEY F. RAGLAND
Date: 12/31/1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Agnes S. Fisher, of Hardin
   (Name of Appropriator) (Address) (Town)
   County of Big Horn State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Home

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1945

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Electric-Pump & Pressure System
   NE ¼, Sec. 32, T. 1 N., R. 33 E

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1945

8. The depth of water table 2 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 20 feet

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Agnes S. Fisher

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater:_____________________________________

Owner: ___________________________  Address: ___________________________

Contractor (if any): ___________________________  Address of Contractor: __________

Date Started: __________  Date Completed: __________

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Spring dug out with bleed line 6 ft deep

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

75,000 gal per 6 mo.

Watershed of Conso-Do-Eno.

Used off on three out years

Signature of Owner: ___________________________  Date: __________

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
