2. The beneficial use on which the claim is based:  
   House water—personal use stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  
   Continuous use for 20 years

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   500 gal. per day

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:  
   
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   Electric pump and pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   1913

8. The depth of water table:  
   14 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   Dug well, 20 feet deep-cased with 6-inch casing

10. The estimated amount of groundwater withdrawn each year:  
    2,000 barrels

11. The log of formations encountered in the drilling of each well if available:  
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
    None
