STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

J. M. Leman, Sr. or Rt. 1, Hardin

County of Big Horn State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: J. M. Leman, Sr.

Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

1. Mary M. Van Cleve
   (Name of Appropriator)
   County of Big Horn
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: A - 1953, used than 3 months, 24 hours a day; B - 1938, continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) A - 20 gal. a minute, B - 1 gal. a minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: A - pump, B - gravity spring.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: A - 1953, B - 1938.

8. The depth of water table: A - 30 feet, B - 3½ feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A - 6½ casing, 500 ft. of casing, B - 3½ x 12½.

10. The estimated amount of groundwater withdrawn each year: A - not used at present, B - runs.

11. The log of formations encountered in the drilling of each well if available: A - not available, B - sandy loam to sand, rock.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: No other information.

Signature of Owner: ____________________________
Date: 12-20-63

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based ____________________________ stock water

2. Date or approximate date of earliest beneficial use; and how continuous the use has been ______________ intermittently (in drought years)

3. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 Gal

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not used for irrigation

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal pump

6. The depth of water table __________ feet

7. The estimated amount of groundwater withdrawn each year not known

8. The log of formations encountered in the drilling of each well if available not known

9. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record no other information

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Cecil and Lora Tysver of Custer
   (Name of Appropriator) (Address) (Town)
   County of Big Horn, State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based:...

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: A = 1956, continuous use; B = natural spring has always run continuously.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): A = 20 gal., B = 14 gal.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:...not used for irrigation.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: A = pump, B = gravity.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: A = 1956, B = re-ciribed in 1956.

   8. The depth of water table: A = 15 feet, B = 4 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A = 6-inch casing 60 feet, B = 3½ x 12½ x 14.

   10. The estimated amount of groundwater withdrawn each year: A = 360,000 gal., B = runs continuously.

   11. The log of formations encountered in the drilling of each well if available: A = not available, B = dirt to sand rocks.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:...no other information.

Notice of Appropriation of Groundwater

STATE ENGINEER

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Appropriation of Groundwater
(Under Chapter 237, Montana Session Laws, 1961)

1. Herman Oglesby, of Custer, Montana (Town)
   County of Big Horn, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is:
   A - Stock and Domestic use
   B - Stock water
   C - Stock and Domestic use
   (describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner’s inches of groundwater claimed:
   A - 20 gallons per minute
   B - 30 gallons per minute
   C - 20 gallons per minute

4. The annual period (inclusive dates) of intended use
   Jan 1 to Dec 31

5. The probable or intended date of first beneficial use
   C-1955

6. The probable or intended date of commencement and completion of the well* or wells*
   A- June 1955
   B- June 1955
   C-1955

7. The location, type, size and depth of well or wells contemplated:
   A- NE 1/4 of NE 1/4 of Sec 18 drilled 6", 22' deep
   B- NE 1/4 of NE 1/4 of Sec 18, 6" casing, 28' deep
   C- NE 1/4 of NE 1/4 of Sec 18 drilled, 6" casing, 55' deep

8. The probable or estimated depth of the water table or artesian aquifer:
   A- 10' B- 10' C- 20'

9. Name, address and license number of the driller engaged:
   A- Chris Hadland, Custer, Montana, No. 3
   B- Chris Hadland, Custer, Montana, No. 3
   C- Chris Hadland, Custer, Montana, No. 3

10. Give such other similar information as may be useful in carrying out the policy of this act:

   Signature of Appropiator:
   Date: April 30, 1965

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn.

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropiator.
COUNTY OF MUNIWA I ss.

Eugene E. Cox
County Recorder

By: Special Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Mary M. Van Cleve
   (Name of Appropriator)
   (Address)
   (Town)
   County of Big Horn
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water for both

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Both 1915 and used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute): A = 20 gal. a min., B = 15 gal. a min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other works for withdrawal of groundwater:

   A = pump jack SW 1/4 of SE 1/4 of Section 18
   B = pressure pump SE 1/4 of SW 1/4 of Section 18

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1915

8. The depth of water table: A = 12 feet, B = feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   A = drilled 6 ft. casing, 80 feet
   B = dug, timber cribbed, 16 feet deep - four feet square.

10. The estimated amount of groundwater withdrawn each year: A = 50,000 gal., B = 1,000,000 gal.,

11. The log of formations encountered in the drilling of each well if available: A = unknown, B = sand and gumbo clay to gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: A = none, B = has been cribbed now in 1957

Signature of Owner: Mary M. Van Cleve
Date: 12-20-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropiator.

STATE ENGINEER

1. Mary W. Van clave
   (Name of Appropriator)
   County of: Big Horn
   (County)
   State of: Montana
   (State)
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Well A for domestic use, Well B for stock water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: A - 1938, continuous use; B - 1939, continuous use.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): A - 30 gal. min or over, B - 20 gal. min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: A - pump. B - pipe. C - hand dug well. D - drilled well. E - pressure well. F - spring. G - artesian well. H - artesian well with well cap. I - artesian well with well cap and pressure head. J - artesian well with well cap and pressure head and pressure well. K - artesian well with well cap and pressure head, pressure well, and pressure head. L - artesian well with well cap and pressure head, pressure well, and pressure head. M - artesian well with well cap and pressure head, pressure well, and pressure head. N - artesian well with well cap and pressure head, pressure well, and pressure head. O - artesian well with well cap and pressure head, pressure well, and pressure head. P - artesian well with well cap and pressure head, pressure well, and pressure head. Q - artesian well with well cap and pressure head, pressure well, and pressure head. R - artesian well with well cap and pressure head, pressure well, and pressure head. S - artesian well with well cap and pressure head, pressure well, and pressure head. T - artesian well with well cap and pressure head, pressure well, and pressure head. U - artesian well with well cap and pressure head, pressure well, and pressure head. V - artesian well with well cap and pressure head, pressure well, and pressure head. W - artesian well with well cap and pressure head, pressure well, and pressure head. X - artesian well with well cap and pressure head, pressure well, and pressure head. Y - artesian well with well cap and pressure head, pressure well, and pressure head. Z - artesian well with well cap and pressure head, pressure well, and pressure head.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: A - 1938 commencement and completion. B - 1939 commencement and completion.

8. The depth of water table: A - 8 feet. B - 10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A - drilled; 6" casing; 60 feet deep. B - drilled; 6" casing; 60 feet deep.

10. The estimated amount of groundwater withdrawn each year: A - 15,000 gal. B - 5,000 gal.

11. The log of formations encountered in the drilling of each well if available: Neither available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Don't know any other information.
