Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Scott Land and Livestock Co., of _____, Ranchester
(Name of Appropriator) (Address) (Town)County of Sheridan State of Wyoming
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4

Sec. 17, T. 38, R. 35E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based is stock water3. Date or approximate date of earliest beneficial use; and how continuous the use has been November 11, 1954
well is in use six months out of the year4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons/minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal pump powered by a windmill7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater November 11, 19548. The depth of water table 280'9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater depth- 287', 288' of 4" casing; 235' wooden pump rod, 251' of 2" pipe10. The estimated amount of groundwater withdrawn each year 21,600 gallons11. The log of formations encountered in the drilling of each well if available 0-43 yellow calay, 43-48 sand rock, 48-60 dark shale, 60-117 grey shale, 117-150 dark shale, 150-161 light shale, 161-178 dark shale, 178-202 sandy shale, 202-210 bentonite, 210-217 soft brown shale, 217-225 sand rock, 225-242 soft, brown shale, 248-287 sand rock, soft brown shale, sand rock, and brown shale12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, Bertha B. Naylor, of 720 N. Cheyenne Hardin
 (Name of Appropriator) (Address) (Town)
 County of Big Horn State of Montana
 have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Three Wells in approx. same Area

NE 1/4 Sec. 18 T. 35 R. 35E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based. Household use & garden lawn Irrigation & Stock
- Date or approximate date of earliest beneficial use; and how continuous the use has been. 1922 Continuous
- The amount of groundwater claimed (in miner's inches or gallons per minute). Unknown
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. electric pumps
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Unknown
- The depth of water table. approximately 15' to 20'
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Dug with posthole digger & cased with about 6" pipe. Water drawn from 2" pipe
- The estimated amount of groundwater withdrawn each year. Unknown
- The log of formations encountered in the drilling of each well if available. Unknown
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, Scott Land and Livestock, Co., of _____, Ranchester
(Name of Appropriator) (Address) (Town)

County of Sheridan State of Wyoming
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW SE
NE 1/4, SW Sec. 24, T. 3S R. 36E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based is stock water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been not known
well is in use six months out of the year
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons/minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof _____
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal is a pump powered by a gasoline engine

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater not known
8. The depth of water table 90'
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater depth 165', 165' of 4" casing, 2" working barrel, wooden sucker rod, 165' of 2" pipe
10. The estimated amount of groundwater withdrawn each year 43,200 gallons
11. The log of formations encountered in the drilling of each well if available not available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record none

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Scott Land and Livestock, Co.**, of **Ranchester**
(Name of Appropriator) (Address) (Town)

County of **Sheridan** State of **Wyoming**
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 Sec. 20 T. 3S R. 38E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based **is stock water**

3. Date or approximate date of earliest beneficial use; and how continuous the use has been **not known well is in use six months out of the year**

4. The amount of groundwater claimed (in miner's inches or gallons per minute) **10 gallons/minute**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal **is a windmill powered pump**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater **not known**

8. The depth of water table **100'**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater **depth- 120', 4" casing, 1 1/2" pipe, 2 1/2" cylinder, steel sucker rod**

10. The estimated amount of groundwater withdrawn each year **43,200 gallons**

11. The log of formations encountered in the drilling of each well if available **not available**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record **none**

STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 257, Montana Session Laws, 1961)

1. SARAH J. WENSON, of Lama Deer
(Name of Appropriator) (Address) (Town)
County of Big Horn State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 4 T. 35R. 40 E.

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based: Stock water trough.
Well No. 1 used in facilities in house.
Well No. 2 used for irrig. garden and pumping water to/

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
Well No. 1 used since 1946.
Well No. 2 used since 1959.

4. The amount of groundwater claimed (in mineral acres or gal. per minute):
Approx. 25 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner:
Well No. 2 used for irrigating a small garden and lawn, approximately 1/4 of an acre.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
Both wells are drawn from a pressure pump.

7. The date of commencement and completion of the construction of the well:
Well No. 1 drilled in 1946. Pressure pump installed for withdrawal of groundwater use in house in 1953.

Well No. 2 drilled and pressure pump installed in 1959.
Well No. 1, 150 ft; Well No. 2, 26 ft.

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
Well No. 1 - depth, 170 ft.
Well No. 2 - depth, 36 ft.

Approx. 500,000 gal. per year.

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

None available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
None.

Signature of Owner: Sarah J. Wenson

Date: 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
