Declaration of Vested Groundwater Rights

1. Scott Land and Livestock Co., of Rancheester, County of Sheridan, State of Wyoming

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: November 11, 1954

   Well is in use six months out of the year

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons/minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pump-powered by a windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: November 11, 1954

8. The depth of water table: 280'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   pump rod: 2 1/4 of 2' pipe

10. The estimated amount of groundwater withdrawn each year: 21,600 gallons

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Appropriator: __________________________

Date: __________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Bertha R. Naylor, of 720 N. Cheyenne, Hardin
(Name of Appropriator) (Address) (Town)

County of Big Horn State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1902, as follows:

2. The beneficial use on which the claim is based: Household
3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1922, Continuous
4. The amount of groundwater claimed (in miner's inches or gallons per minute): Unknown
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pumps
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown
8. The depth of water table: approximately 15' to 20'
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6" pipe, water drawn from 6" pipe
10. The estimated amount of groundwater withdrawn each year: Unknown
11. The log of formations encountered in the drilling of each well if available: Unknown
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Bertha R. Naylor
Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1963)

1. Nils Torske, Morton County, Mt., have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   - Beneficial use on which claim is based: head use, livestock
   - Date or approximate date of earliest beneficial use: Oct. 29, 1944
   - Continuous use has been: 1944 - continuous
   - Amount of groundwater claimed (in miner's inches or gallons per minute): 750
   - If used for irrigation, acreage and description of lands to which water has been applied and name of owner thereof:
   - Means of withdrawing such water from the ground and location of each well or other means of withdrawal: pump
   - Date of commencement and completion of construction of the well, wells, or other works for withdrawal of groundwater: Oct. 29, 1944
   - Depth of water table: 20 feet
   - Log of formations encountered in drilling of each well if available:
   - Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: [signature]
Date: 10-29-44

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Natural Springs
Owner: Nils Torske
Address: Box 294, Chico Agency

Contractor (if any)
Address of Contractor
Date Started: Date Completed

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Natural Spring

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

STEAK WATER DURING SEASON: PLENTY OF WATER
AVAILABLE FOR CONTINUOUS USE

Signature of Owner: Nils Torske
Date: 12-30-65

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Driller: C.S. Jones
Address: Hardin, Montana

Date of Notice of appropriation of groundwater: 9/26/66
Date well started: 9/26/66
Date well completed: 9/28/66

Type of well: Drilled
Equipment used: rotary drill
(Dog, Driven, bored or drilled) (Churn drill, rotary or other)

Water use: Domestic [ ] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

<table>

Notice of Completion of Groundwater Appropriation by Means of Well

(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).
The instrument was filed in my office at Hardin, Montana, this 24th day of APR, 1900.
STATE OF MONTANA

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

Scott Land and Livestock, Co., of Ranchester
County of Sheridan State of Wyoming
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been September 17, 1961 well is in use six months out of the year

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 15 gallons/minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal pump powered by an electric motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater September 15-17, 1961

8. The depth of water table 100'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 106' of 44 gallons, depth 106', 42'

10. The estimated amount of groundwater withdrawn each year 64,800 gallons

11. The layer of gravel encountered in the drilling of each well if available 0-18 brown sand, 18-23 gravel 20-32 blue clay, 82-106 water sand

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Date 4-1-69

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropiator.

Static Water Level for non-flowing well

Shut-In Pressure for Flowing Well

Pumping Well level: 55 feet

Discharge in gal. per min. of flowing well:

Length of Test: 7 hrs

Remarks: (Gravel packing, cementing, packers, type of shuteff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

# Declaration of Vested Groundwater Rights

(under Chapter 287, Montana Session Laws, 1961)

## STATE OF MONTANA

**Administrator of Groundwater Code**

**Office of State Engineer**

**Declaration of Vested Groundwater Rights**

**File No.**

**County:**

**T.**

**E.**

**Big Horn**

**Big Horn**

**JAN 8 1964**

## SARAH J. WHITAKER

**Name of Appropriator**

**Town: Deer Lake**

**Address:**

**County of Appropriation:**

**State of Appropriation:**

**Declares**

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>Well No. 1</th>
<th>Well No. 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wall No. 2</td>
<td>Wall No. 1</td>
</tr>
</tbody>
</table>

### 2. The beneficial use on which the claim is based:

- Well No. 1 used in raising in house; stock water trough.
- Well No. 2 used for irrigating garden and pumping water to house.

### 3. Date or approximate date of earliest beneficial use; and how continued:

- Well No. 1 used since 1946
- Well No. 2 used since 1959

### 4. The amount of groundwater claimed (in cubic inches or gallons per minute): Approx. 20 gal. per minute

### 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner:

| Approx. 1/4 of an acre |

### 6. The means of withdrawing such water from the ground and the location:

- Well No. 1, drilled in 1953; Well No. 2, drilled and pressure pump installed in 1959.
- Well No. 1, depth 150 ft; Well No. 2, 26 ft.

### 7. The date of commencement and completion of drilling of each well and the withdrawal of groundwater:

- Well No. 1: pressure pump installed in 1953.
- Well No. 2: drilled and pressure pump installed in 1959.

### 8. The depth of water table:

- Approx. 500,000 gal. per year

### 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

- Wall No. 1: depth 150 ft.
- Wall No. 2: depth 26 ft.

### 10. The estimated amount of groundwater withdrawn each year:

- None available

### 11. The log of formations encountered in the drilling of each well if available:

- None available

### 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

- None available

**Signature of Owner:**

**Date:**

12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA
