Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Walter O. Green, Jr. of Lodge Grass
(Name of Appropriator) (Address) (Town)
County of Big Horn State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 21 T4 S R 35 E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based human and livestock watering
3. Date or approximate date of earliest beneficial use; and how continuous the use has been prior to 1947 and continuous use since
4. The amount of groundwater claimed (in miner's inches or gallons per minute) approximately 40 gal. per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not applicable
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal artesian well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1947
8. The depth of water table 300 feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater four inch cased well, 300 feet deep, artesian
10. The estimated amount of groundwater withdrawn each year approximately 21,024,000 gal.
11. The log of formations encountered in the drilling of each well if available
0-13 Surface 123-125 Sand 32- 239-237 Shale
13-37 Gravel 125-227 Shale 237-300 Sand
37-123 Shale 227-239 Sand
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
Well was recorded with the state by Robinson and Newton, Manning and Brown, Inc., 313 Continental Oil Bldg. Denver, Colorado

Signature of Owner Walter O. Green, Jr.
December 27, 1963
Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

1. **Francis Cooley** of **Kirby Rte. Busby**
(Name of Appropriator) (Address) (Town)
County of **Big Horn** State of **Mont.**
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

N.W. 1/4, Sec. 13, T. 4S R. 38E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based **barn, house, garden**
3. Date or approximate date of earliest beneficial use; and how continuous the use has been **1950 continuous**
another well was drilled in 1960 but not used.
4. The amount of groundwater claimed (in miner's inches or gallons per minute) **10 gal. per min.**
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal **electric pump**
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater **one drilled 1950 - the other 1960**
8. The depth of water table **40 ft. for both wells**
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater **4" casing 40 ft.**
10. The estimated amount of groundwater withdrawn each year **20,000 gal.**
11. The log of formations encountered in the drilling of each well if available **not available**
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record **wells were drilled by Henry Kray**

Signature of Owner **Francis Cooley**

Date **Aug 28 1965**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

CIVIL ENGINEER

Adeline E. Dahle, of Box 7 Busby
(Name of Appropriator) (Address) (Town)
County of Big Horn State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 NW 1/4
SE 1/4 SE 1/4 Sec. 9 T. 45 R. 39 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Stock Water
General Household Use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Around Sept. 13, 1956
no 1. no 2. in constant use.
no 3. Some days used 24 hrs. +
other days. Several hrs.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) About 8 gals. per min.
no 1. House
no 2. Barn

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal By Pumps
Electric & Gas. & by Windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater no 1. 1956 - no 2. Sept. 13, 1956.
no 3. Oct. 16, 1958

8. The depth of water table no 1 + no 2, 200 Ft. no 3. 90 Ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
no 1. 6 in Well - 250 Ft. deep.
no 2. 6 in Well - 260 Ft. deep.
no 3. 4 in. Well - 210 Ft. deep.

10. The estimated amount of groundwater withdrawn each year Million or more.

11. The log of formations encountered in the drilling of each well, if available. Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Signature of Owner Adeline E. Dahle
Date 12/27/63.

RECEIVED
DEC 21 1962

STATE ENGINEER

1. John W. Moreland Jr. of Birney
(Name of Appropriator) (Address) (Town)
County of Rosebud State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec 17, T. 45, R. 40E
Big Horn County
Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based Stock water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been 9-3-59. Used 8 months out of year.
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 6 gal. per min.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Not applicable.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric Motor & pump Jack withdrawal at well
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 9-1-59 to 9-9-59. P. Gas. Motor & pump Jack installed immediately. - Elec. Motor provided later.
8. The depth of water table 65'
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater pumping well; 4" hole drilled; 80' depth of well.
10. The estimated amount of groundwater withdrawn each year 516,000 gal.
11. The log of formations encountered in the drilling of each well if available 0'-2' top soil; 2'-5' Rocky; 5'-16' Red shale & Clay; 16'-25' coal & shale streaks; 35'-40' grey shale & gravel mixed; 40'-42' Rock; 42'-45' coal & shale mixed; 50'-60' shale, coal, gravel mixed; 60'-80' shale with sand.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record Not applicable.

Signature of Owner

Date 12-17-62

DRILLING WATER WELLS

Chapter 218

Session Laws 1947

"AN ACT TO PROVIDE FOR THE CONSERVATION OF UNDERGROUND WATER; PROVIDING FOR THE CASING AND CAPPING OF ARTESIAN WATER WELLS; PROVIDING FOR THE REGULATION OF ARTESIAN AND DEEP WATER WELLS AND PROHIBITING THE WASTE OF WATER THEREFROM; PROVIDING A PENALTY FOR THE VIOLATION OF THE PROVISIONS OF THIS ACT AND PRESCRIBING THE DUTIES OF THE STATE ENGINEER IN RELATION THERETO."

Be It Enacted by the Legislative Assembly of the State of Montana:

Section 1. Any person owning land shall have the right to sink or bore an artesian well or wells on his land for the purpose of procuring water for domestic use, for the use of stock, or irrigation, or for manufacturing purposes.

Section 2. Every person sinking or boring an artesian well or well of more than 25 feet in depth in the State shall cause to be placed in such well a proper and sufficient casing so arranged as to prevent the cave-in of such well and to prevent the escape of water therefrom through any intervening sand and gravel stratum and shall provide the necessary valves, plugs or other appliances to prevent or control the flow of water from such well, and prevent the loss of underground water above or below the ground surface.

Section 3. That the driller shall keep a log of the depth, thickness, and character of the different strata penetrated, together with the data pertaining to the work; when begun; when finished; the amount, size and weight of casing, and how placed; size of drilled hole; when sealed and type of seal; name of well driller and type of machine used; the number of cubic feet per second or gallons per minute of flow from such well when finished, above the top of casing, and pressure thereof, if same be a flowing well; all of which shall be verified under oath on forms prescribed by the State Engineer and furnished to the State Engineer within thirty (30) days following completion of said well, and to be made a permanent record of his office.

Section 4. No person owning or controlling an artesian well shall suffer or permit the water thereof to flow to waste except so far as reasonably necessary to prevent the construction thereof, or to flow or to be taken therefrom save for beneficial purposes. The State Engineer shall administer this act in accordance with the rules and regulations for such administration. The State Engineer may require periodical statements of water elevations. The State Engineer at any time may hold a hearing on his own motion, or upon petition signed by a representative body of users of underground water in any area or sub-area, to determine whether the water supply within such area or sub-area is used in compliance with this act.

Section 5. Any officer of the county or the State Engineer or any assistant of the State Engineer, the State Geologist or a representative of the State Board of Health shall have the right to enter the premises of any such owner or proprietor, where any such well is situated, at any reasonable hour of the day, for the purpose of investigating any matters in connection with this act.

Section 6. Any person violating any of the provisions of this act shall be deemed guilty of misdemeanor, and on conviction thereof shall be punished as provided by law.

Section 7. Such information as is required or secured under the provisions hereof shall constitute public records, and as such shall be available to the public at all reasonable times.

Section 8. It is the intention of the legislature, by the exercise of the police powers of the State, to prevent the waste of underground waters and pollution and contamination of the underground water supply, and provide for the administration of the provisions of this act by regulations as may be necessary for the proper and orderly execution of the powers conferred by this act.

Section 9. For the purpose of this act, an artesian well shall be defined as a well from which water flows naturally from the top of the ground.

Section 10. All acts and parts of acts in conflict with the provisions of this act are hereby repealed; provided that this act shall not constitute a repeal of Sections 2650.1, 2650.2 or 2650.3, Revised Codes of Montana, 1935.

This law becomes effective July 1, 1947.
