By: Helen Dunlop, Deputy
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1953

Prior Land Co., a Montana
Owner: Corporation Address: Hardin, Montana

Contractor (If any): None
Address of Contractor: None

Date Started: 1953  Date Completed: 1953

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. This spring is used for stock water. The groundwater is obtained by sub-irrigation and other natural processes.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Estimated Use: 10 gallons per minute

Signature of Owner: Pryor Land Co.
Date: December 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Thos. K. Lande
Address: Billings, Mont.

Driller: Henry Gray
Address: Hardin, Mont.

Date of Notice of Appropriation of Groundwater

Date well started: 10-16-63
Date Completed: 11-10-63

Type of well: Drilled
Equipment Used: Cable-tool (Churn, drill, rotary or other)

Water Use: Domestic ☑ Municipal ☐ Stock ☐ Irrigation ☐
Industrial ☐ Drainage ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing Well

Shut-in Pressure for Flowing Well

Pumping Water Level: 100 feet at 10 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested: Bailed Length of Test: 15 ft.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Holly Sugar Corporation, of Hardin

County of Big Horn

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

Domestic and Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

July 2, 1957

Continuous use

4. The amount of groundwater claimed, (in miner's inches or gallons per minute)

150 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

Water from the well is not used for irrigation at the present time.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Artesian well (free flowing), located approximately 20 feet east and 116 feet north of the southwest corner of Section 35.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

July 2, 1957 (date of completion of construction); June 25, 1957 (approximate date of commencement of construction)

8. The depth of water table

1000 feet. Driller struck water at approximately 1,000 feet, drilled to 1,030 feet, and put 1,004 feet of pipe in well.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

Type: Drilled artesian; size: 5 3/16 inch hole; depth: 1,030 feet.

10. The estimated amount of groundwater withdrawn each year

150 gallons per minute; 79,840,000 gallons per year

11. The log of formations encountered in the drilling of each well if available

See attached log

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Holly Sugar Corporation's deed to the property on which the well described above is located was recorded June 30, 1947 at 4:50 p.m. in Book 30 of Deeds, pages 205-206, Records of Big Horn County, Montana.

County Recorder

By: Shirley Robinson, Deputy
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

County of Big Horn
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Output)
2. The beneficial use on which the claim is based, household, livestock, or occasionally a kitchen garden.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been, about 1943, and used continuously since then.

4. The amount of groundwater claimed (in miner's inches or gallons per minute), with a proper pump and about a four inch bore, could that pump the day this form was filled from the number of gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal, a hand pump, about twenty-seven feet east of the house.

7. The date of commencement and completion of the construction of the well, walls, or other works for withdrawal of groundwater.

8. The depth of water table, about 21 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater, 3/4" pipe in water 18 feet deep.

10. The estimated amount of groundwater withdrawn each year, about 1,000,000 gallons.

11. The log of formations encountered in the drilling of each well if available, common soil.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record, how so, one of the wells the government has been testing recently.

Signature of Owner

# DRILLER'S LOG

## NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

---

**Owner:** Henry Schneider

**Address:** St. Xavier, Mont

**Date well started:** April 1, 1972

**Date well completed:** April 1972

**Type of well:** Drilled

**Equipment used:**

**Water Use:** Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □ Garden/Lawn □

*Describe ____________________________ *

**USE:** If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

---

have appropriated/groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based
   - Watering - Stock

2. Date or approximate date of earliest beneficial use; and how continuous the use has been
   - Approximately 1935 with continuous use

3. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - 15 gal

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - None

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - Pumps

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - Completion in 1935

7. The depth of water table
   - 50 feet

8. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   - Drilled well with 1 inch casing, approximately 40 feet

9. The estimated amount of groundwater withdrawn each year
   - 90,000 gal

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: 

Date: 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
