Revised Date: 2023-04-10
Declaration of Vested Groundwater Rights

Dwight S. Ferguson

County of Big Horn
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Stock Water

2. Date or approximate date of earliest beneficial use: Aug. 1961

3. How continuous the use has been: Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 8 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump, Jack with Working Barrel

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Aug. 1961

8. The depth of water table: 260'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled Bored 5" 262'

10. The estimated amount of groundwater withdrawn each year: 150,000 gal.

11. The log of formations encountered in the drilling of each well if available: WITH STATE OF MONTANA

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Dwight S. Ferguson

Date: 09-23-1963

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

year 1912

used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

1 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Tom Adair

Date: Dec 12 - 63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Tom Adair
of Decker
County of Big Horn State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: year 1912 used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute) approximately 8 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Tom Adair
Date: Dec. 13, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

1. Tom Adalt
   (Name of Appropriator)
   of Decker
   (Address)
   County of Big Horn
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   - stock water
   - [additional uses if applicable]

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   - year 1916
   - used intermittently
   - [additional information if applicable]

4. The amount of groundwater claimed (in miner's inches or gallons per minute) approximately
   - 50 gallons per minute
   - [additional information if applicable]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - [additional information if applicable]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - pumpjack and gasoline motor
   - [additional information if applicable]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - completed 1916
   - [additional information if applicable]

8. The depth of water table
   - 55 feet
   - [additional information if applicable]

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   - size 6-inch casing
   - depth 175 feet
   - [additional information if applicable]

10. The estimated amount of groundwater withdrawn each year
    - unknown
    - [additional information if applicable]

11. The log of formations encountered in the drilling of each well if available
    - 10 feet black loam
    - 50 feet sandstone; 55 feet coal; 10 feet hard sand-rock; 50 feet of water bearing sand
    - [additional information if applicable]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    - [additional information if applicable]

Signature of Owner: Tom Adalt

STATE ENGINEER

Dwight S. Ferguson of Kirby
County of Big Horn State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

No. 1 June 1960 - continuous
No. 2 Aug. 1961

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

No. 1 4 gal. per minute
No. 2 2 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

No. 1 Developed spring of abandoned coal mine
No. 2 Tank piped from abandoned coal mine

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

No. 1 June 1960
No. 2 Aug. 1961

8. The depth of water table

Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

No. 1 Tank developed pool or excavation for storage of about 1000 gal.
No. 2 Tank piped from abandoned tunnel coal mine, the front of which had caved off, leaving tunnel full of water - about 100 gal.

10. The estimated amount of groundwater withdrawn each year

1,000 gal

11. The log of formations encountered in the drilling of each well, if available

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1960

Owner: Raymond Holman
Address: Kirby, Montana

Contractor (if any)
Address of Contractor

Date Started: 1960
Date Completed: 1960

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable: Springs dug out and logged in

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

200 gallons Estimate

Logged in and stock drink over log

Signature of Owner: Raymond Holman
Date: JAN 22 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

By Jesus Quire, Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Ruth W. Jordan, of Kirby

County of Big Horn, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

STOCK WATER

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Used 8 or 9 months every year since purchase, 1961

4. The amount of groundwater claimed (in miner’s inches or gallons per minute)

A - 1 G.P.M.
B - 50 G.P.M.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

NO IRRIGATION

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

NATURAL FLOW

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Springs have been developed and worked on at different times

8. The depth of water table

GROUND LEVEL

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

NO WELL

10. The estimated amount of groundwater withdrawn each year

A - 500,000 Gal
B - 1,300,000

11. The log of formations encountered in the drilling of each well if available

NO DRILLING

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Ruth W. Jordan
Date: 12/30/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
