STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. William H. & Joseph E. Rugg
   (Name of Appropriator)
   of
   (Address)

   County of Big Horn
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1925 continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   12 gals. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   none

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   no construction necessary

8. The depth of water table
   unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Spring

10. The estimated amount of groundwater withdrawn each year
    6,307,200

11. The log of formations encountered in the drilling of each well if available
    none

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    none

Signature of Owner

Date Dec. 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater ______, 1960
Owner ______ Address ______

Date Started ______ Date Completed ______

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Flow from natural spring is
impounded by earthfill dam

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use. Quantity is
not known, the spring is used year round for
livestock water

Signature of Owner ______

Date ______

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Tom Adsit of Decker
   (Name of Appropriator) (Address) (Town)
   County of Big Horn State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      stockwater

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      year 1915
      used continuously

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      2 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      none

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      spring

   NE 1/4 SE 1, T 7 R 39
   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

   8. The depth of water table

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

   10. The estimated amount of groundwater withdrawn each year

   11. The log of formations encountered in the drilling of each well if available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

[Signature]
Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Spring has been in continuous use since 1908.

Owner: Elmer E. Kobold. Address: Kirby, Montana.

Contractor (if any): None.

Address of Contractor: None.

Date Started: 8-1-56. Date Completed: 8-13-56.

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes.” Include depth to water when applicable.

Removed old pipe and dug 18 feet into shale bank and dug out a hole which was lined with rock and new pipe was placed and covered to carry water to tank.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

7 gallons per minute measured with container and watch, spring is used year round to water stock.

Signature of Owner: [Signature]

Date: 12-27-53.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
