1. Clarence Harmon of Sumner
(Name of Appropriator) (Address) (Town)
County of Blaine State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Sec 13 T. 36 R. 24

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.....

Stock + Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....

1950

4. The amount of groundwater claimed (in miner's inches or gallons per minute).....

4 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....

70

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....

jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....

1950

8. The depth of water table.....

36 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....

6" steel casing 52' depth

10. The estimated amount of groundwater withdrawn each year.....

500,000

11. The log of formations encountered in the drilling of each well if available.....

Gravel, other formation not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....

STATE ENGINEER

1. Frederick Nixon, of Hogeland
(Name of Appropriator) (Address) (Town)
County of Blaine State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

First
of Sec. 17 T. 36 R. 24
and 1/4 Sec. 20 T. 36 R. 24
pit

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based for
livestock and domestic use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been August 1931—used continually
ever since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute from the three
structures

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal a pump in
each well and the natural water table in the pit

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater one well in August 1931, one pit or dugout in June 1946, one
well in July 1947

8. The depth of water table In the wells about 38 feet, in the pit about 3 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater one well for stockwater 48 ft. depth, 36 feet to
water, 6 in. steel casing. One well 46 feet for domestic and stock use, 6 in.
steel casing. Both wells have pumps for drawing the water.
one pit opened with dragline, about 6 feet deep, about 3 feet to water during the
driest months

10. The estimated amount of groundwater withdrawn each year for 75 cattle, 50 hogs and domestic
use including irrigation of lawn and trees around farmstead.

11. The log of formations encountered in the drilling of each well if available no accurate record is
available at this time

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record these wells and the pit have never been
dry since they were put to use

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1964

Owner Louis Petris Address Turner, Montana

Contractor (if any) None

Address of Contractor --

Date Started -- Date Completed --

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural spring

8' depth to water

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use

2,000 gallons per day.

Signature of Owner *Louis Petris*

Date 12/19/63

SE 1/4 Sec. 1 T. 36 R. 25

Indicate point of appropriation and place of use, if possible.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Louis Petrie, of Turner,
(Name of Appropriator) (Address) (Town)

County of Blaine State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 1 T. 36 R. 25

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1945 - continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1945

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 30' drilled

10. The estimated amount of groundwater withdrawn each year 730,000 gallons

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Louis Petrie
Date 12/19/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. S. ELMA SKONES, of TURNER, (Name of Appropriator) (Address) (Town)

County of BLAINE State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NEW TURNER TOWNSITE
LOTS 4, 5, 6 - BLOCK 1
1/4 Sec. T. R.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based
YARD & HOUSEHOLD

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
1952
CONTINUOUS USE

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
107.12 FT OR BEYOND

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
NOT APPLICABLE

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
JET PUMP

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
NOT KNOWN

8. The depth of water table
NOT KNOWN

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
CINDER DRILLED 50 FT DEEP

10. The estimated amount of groundwater withdrawn each year
NOT KNOWN

11. The log of formations encountered in the drilling of each well if available
NOT AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
NOT KNOWN

Signature of Owner Selma Skones
Date Dec 24 1969

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
