OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1910
Owner: John W. McHarg
Address: Cardwell, Montana
Contractor (if any): 
Address of Contractor: 
Date Started: 
Date Completed: 

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable:

Spring and three tiles

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: Unknow

Indicate point of appropriation and place of use, if possible:

Signature of Owner: E. McHarg
Date: 11-31-1910

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA
County of Broadwater

I hereby certify that the within instrument was filed for record in my office on the 31st day of December, A.D. 1929 at 5 o'clock, min. past 9 a.m.

**Notice of Completion of Groundwater Appropriation**

**Without Well**

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Springs first improved in 1920's.

Ownership: Miller

Address: Townsend, Montana

Contractor (if any):祕秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘秘密

Address of Contractor: Townsend, Montana

Date Started: 1963

Date Completed: 1963

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes": Include depth to water when applicable. These two springs have been repeatedly cleaned out and improved by the appropriators for stock watering purposes since they acquired the premises. In 1963 spring No. 2 was materially improved by cooperation with the AGS (see below)

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. On spring No. 2 claim is made for 25 G.P.M. flow and claim on spring No. 3 of 10 G.P.M.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Chris Miller & Mildred Miller
   (Name of Appropora")
   (Address)
   (Town)
   County of Broadwater
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   N

   W

   E

   Sec. 6 T. N. R 33 E.

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   2. The beneficial use on which the claim is based:
      stock watering and irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been approximately 1956 or early 1957, well drilled, and use has been intermittent.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 GPM.

   5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof
      surrounding lands.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      gas pump used.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      1956 or early 1957, gas-pump used.

   8. The depth of water table 35'

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
      Well 50' deep. Typical stock watering well with gas pump.

   10. The estimated amount of groundwater withdrawn each year. Well only used intermittently. It is of relatively small capacity.

   11. The log of formations encountered in the drilling of each well if available:
      See Document 664391-public records of Broadwater County, Montana.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
      See Document 664391-public records of Broadwater County, Montana.

   Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropo
tor.

   Signature of Owner
   Date 28 Nov. 1963.

   Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1959

Owner: George Dundas  Address: Toothro, Montana

Contractor (if any): Owner

Address of Contractor

Date Started: 1959  Date Completed: 1959

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Dug out and excavated spring, installed pipe and water trough for stock watering.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

5 gallons per day

Signature of Owner: George Dundas  Date: December 10, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; Quadruplicate for the Appropirator.

In the fall of 1962, a well was drilled to the depth of 175 feet immediately adjacent to spring. Adverse weather prevented testing of the well by contractor. Indications are that water is available at about 100 feet, although contractor has not returned to test the well to determine capacity. Weather conditions permitting, this will be done forthwith.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: Robert & George
Address: Ranch, Montana

Contractor (if any) Don Shearer
Address of Contractor

Date Started — Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. A dam and reservoir has been erected at the point indicated to collect water from a number of springs arising in this area. The dam is near the boundary line on the Don Shearer property and work has been done in cooperation with (see below)

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Claim approximately 30 G.P.W. by reason of improvements.

Signature of Owner: George Dundas
Date: December 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Don Shearer. Working together Shearer and these claimants have installed pipes and containers for stock watering, said containers being on the fence line so that both Shearer cattle and Dundas cattle can be watered.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Original Date of Appropriation of Groundwater: May 1970

Owner: Donald S. Lewis
Address: Thomas, MT

Contractor (if any) ____________________________
Address of Contractor ____________________________

Date Started: 1970
Date Completed: 1970

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes", include depth to water when applicable. Earth fill dams were constructed because water is level, springs and nearby cas. Pipe from spring carries water to stock tanks. Water from these dams also used for irrigation. Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Water is used during summer season of all months. Water flows through lin. pipe with 1 ft head. Annually approximately 100 gal per minute.

Signature of Owner: Donald S. Lewis
Date: Dec. 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Robert J. Jones also uses this water for livestock water.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

(Name of Appropriator) (Address) (Town)
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since completion:

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner:

Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA

County of Broadwater.

I hereby certify that the within instrument was filed for record in my office on the 31st day of

December, A.D. 1963 at

5:25 min. p.m.

By
Deputy.
The undersigned, Round Grove Ranch Co., of Helena, Montana has appropriated groundwater according to the State of Montana in effect prior to January 1962 as follows:

**Item A** In the S/4 of Section 14, Township 8 North of Range 2 East, M.P.M.:

A well drilled in 1952, 6" casing, 140 feet deep, water level maintained at 20 feet below the surface, produces by pumping 50 gallons per minute. Used by declarant for stockwater and irrigation continuously since 1952.

**Item #2** In the center of Section 22, Township 8 North of Range 2 East, M.P.M.:

A developed spring used for stockwater and irrigation on adjacent lands continuously by declarant and predecessors since 1863, produces 15 miners inches.

**Item #3** In the S/4 of Section 25, Township 8 North of Range 2 East, M.P.M.:

(a) A drilled well 65 feet deep, 6" casing, water level maintained at 8 feet below surface, produces 50 gallons per minute. Used for domestic purposes by declarant and predecessors since 1863.

(b) In the South Half of Section 25, Township 8 North of Range 2 East a drilled well, forty feet deep, 6" casing, water level maintained at 8 ft. below surface. Produces 50 gallons per minute. Used for domestic purposes by declarant and predecessors continuously since 1863.

**Item #4** In Section 27, Township 8 North of Range 2 East, M.P.M.:

(a) An Artesian well drilled in 1924, 6" casing, produces 60 gallons per minute. Used for irrigation and domestic purposes continuously by declarant since 1924.

(b) Groundwater for sub-irrigation for 60 acres used continuously by declarant and predecessors since 1863.

**Item #5** In Section 26, Township 8 North of Range 2 East, M.P.M.:

Groundwater for sub-irrigation for 200 acres used continuously by declarant and predecessors since 1863.

**Item #6** In the S/4 of Section 22 of Township 8 North of Range 2 East, M.P.M.:

Groundwater for sub-irrigation for 90 acres used continuously by declarant and predecessors since 1863.

**Item #7** In Section 16, Township 8 North of Range 2 East, M.P.M.:

Groundwater for sub-irrigation for 50 acres used continuously by declarant and predecessors since 1863.
Groundwater springs, maintained, developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1875.

Item #30 In the 34 of Section 31, Township 5 North of Range 1 West, M.P.M.:
Groundwater spring running 6 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #31 In 34 of Section 18, Township 4 North of Range 1 West, M.P.M.:
Groundwater spring running 3 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #32 In 34 of Section 17, Township 4 North of Range 1 West, M.P.M.:
A well drilled in 1916, 60 ft. deep, with the water level maintained 30 ft. from the surface of the ground, producing 3 gallons per minute, maintained, developed and used continuously by the declarant and its predecessors for stockwater since 1916.

Item #33 In 34 of Section 17, Township 4 North of Range 1 West, M.P.M.:
Two dug wells, one 40 ft. deep, one 30 ft. deep, water level 20 feet below surface, each producing 2 miners inches, maintained, developed and used continuously by the declarant and its predecessors for domestic use and stockwater since 1916.

Item #34 In 34 of Section 17, Township 4 North of Range 1 West, M.P.M.:
Groundwater spring maintained, developed and used continuously by declarant and its predecessors for stockwater since 1916. The spring produces 4 miners inches.

Item #35 In 34 of Section 16, Township 4 North of Range 1 West, M.P.M.:
Groundwater spring maintained, developed and used continuously by declarant and its predecessors for stockwater since 1916. The spring produces 2 miners inches.

Item #36 In Section 9, Township 4 North of Range 1 West, M.P.M.:
A spring producing 2 miners inches, maintained, developed, and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #37 In Section 9, Township 4 North of Range 1 West, M.P.M.:
A spring producing 3 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.
In Section 4, Township 4 North of Range 1 West, M.P.M.:

Item #31

Groundwater spring running 3 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #32

In Section 18, Township 4 North of Range 1 West, M.P.M.:

A well drilled in 1916, 60 ft. deep, with the water level maintained 30 ft. from the surface of the ground, producing 3 gallons per minute, maintained, developed and used continuously by the declarant and its predecessors for stockwater since 1916.

Item #33

In Section 17, Township 4 North of Range 1 West, M.P.M.:

Two dug wells, one 40 ft. deep, one 30 ft. deep, water level 20 feet below surface, each producing 2 miners inches, maintained, developed and used continuously by the declarant and its predecessors for domestic use and stockwater since 1916.

Item #34

In Section 17, Township 4 North of Range 1 West, M.P.M.:

Groundwater spring maintained, developed and used continuously by declarant and its predecessors for stockwater since 1916. The spring produces 4 miners inches.

Item #35

In Section 16, Township 4 North of Range 1 West, M.P.M.:

Groundwater spring maintained, developed and used continuously by declarant and its predecessors for stockwater since 1916. The spring produces 2 miners inches.

Item #36

In Section 9, Township 4 North of Range 1 West, M.P.M.:

A spring producing 2 miners inches, maintained, developed, and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #37

In Section 9, Township 4 North of Range 1 West, M.P.M.:

A spring producing 3 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.
Item #38 In Section 2, Township 1 North of Range 1 West, M.P.M.:

A dug well 3 ft. deep, water level 2 ft. from surface, used, maintained and developed continuously by declarant and its predecessors for stockwater since 1916 and producing 2 miners inches.

Item #39 In Section 15, Township 4 North of Range 1 West, M.P.M.:

Groundwater springs and creek maintained, developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1916.

Item #40 In Section 23, Township 4 North of Range 1 West, M.P.M.:

Groundwater spring producing 5 miners inches, maintained, developed and used continuously by the declarant and its predecessors for irrigation and stockwater since 1916.

Item #41 In Section 29, Township 4 North of Range 1 West, M.P.M.:

A dug well 18 ft. deep, water level 15 feet from surface, producing 2 miners inches of water, maintained, developed and used continuously by declarant and its predecessors for domestic purposes and stockwater since 1916.

Item #42 In Section 10, Township 4 North of Range 1 West, M.P.M.:

Groundwater springs maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #43 In Sections 4, 11, 22, 36, 23, 19, 35, 27, 14, 24 of Township 5 North of Range 1 East, M.P.M.:

Groundwater springs maintained, developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1915.

Item #44 In Section 29, Township 6 North of Range 1 East, M.P.M.:

Use of Missouri River for stockwater maintained, developed and used continuously by declarant and its predecessors since 1915.

Item #45 In Section 22, Township 6 North of Range 1 East, M.P.M.:

A dug well 18 ft. deep, water level maintained 6 ft. below surface, producing 2 miners inches and maintained, developed and used continuously by declarant and its predecessors for domestic purposes and stockwater since 1915.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

December 30th, 1963

Owner: Laird Plevola
Address: Townson, Mont.

Contractor (if any)

Address of Contractor

Date Started: __________ Date Completed: __________

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Springs

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

Stock Water for seven months each year.

Signature of Owner: Laird Plevola
Date: December 30th, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I, [Name of Appropriate],
of [Address],
County of [County], State of [State],
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: [Describe use]

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: [Date and description]

4. The amount of groundwater claimed (in miner's inches or gallons per minute): [Claimed amount]

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [Acreage and description]

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: [Means of withdrawal]

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [Date and completion]

8. The depth of water table: [Depth]

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: [Specifications]

10. The estimated amount of groundwater withdrawn each year: [Estimated amount]

11. The leg of formations encountered in the drilling of each well, if available: [Leg of formations]

12. Such other formation of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Additional information]

Signature of Owner: [Signature]
Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriate person.
