Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

I, Wernert, Arnett of Townsend,
(Name of Appropriator) (Address) (Town)
County of Broadwater State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

7 1/4 Sec. 3 T. 12. R. 31.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based domestic and stock raising.
- Date or approximate date of earliest beneficial use; and how continuous the use has been prior to 1916. Well is not now in use, or sometime not in use.
- The amount of groundwater claimed (in miner's inches or gallons per minute) undetermined.
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not applicable.
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal well used was dug out of hand-dug well or electric pump.
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater unknown, but prior to 1916, well is cased and water was drawn by means of hand-dug well.
- The depth of water table unknown, but 20 to 30 feet.
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater information not available.
- The estimated amount of groundwater withdrawn each year same as the present time.
- The log of formations encountered in the drilling of each well if available not available.
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date December 16, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based: stock watering and incidental irrigation
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been: well drilled in 1938-use intermittent until 1963 when electric pump installed.
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 G.P.M.
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: surrounding lands.
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: gas pump formerly used for intermittent use. Electric pump now used.
- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1936
- 8. The depth of water table: approximately 70'
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: The well is approximately 130 feet in depth, 40 feet being in water. Electric pump installed.
- 10. The estimated amount of groundwater withdrawn each year: unknown.
- 11. The log of formations encountered in the drilling of each well if available: no log available.
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: no information available.

Signature of Owner _____
Date December 26, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner William Miller Address Lawrence, Mont.

Driller Gene Heck Address Lawrence, Mont.

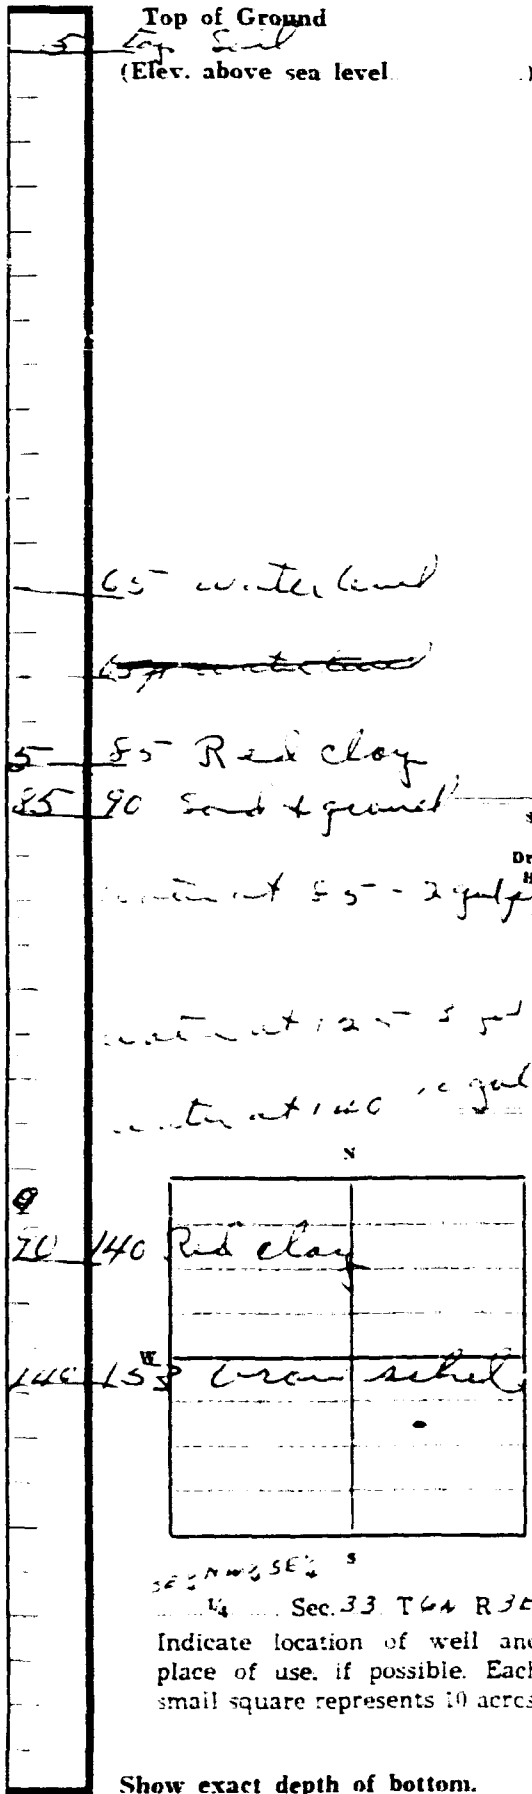

Date of Notice of Appropriation of Groundwater

Date well started Mar 28-63 Date Completed Apr 9-63

Type of well drilled Equipment Used Cable tool
(dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic Municipal Stock Irrigation
Industrial Drainage Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
7"	6 in x 10 15 gal per ft	1	153	2 1/2 in	85	153
				2 in		

Static Water Level for non-flowing Well... 65 feet.

Shut-in Pressure for Flowing Well

Pumping Water Level... 140 feet at 15 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested Water Length of Test 2 hrs

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Driller's License Number

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

Under Chapter 237, Montana Session Laws, 1961

I, **Chris Miller & Mildred Miller** (Name of Appropriator) of **Townsend** (Town)

County of **Broadwater** State of **Montana** have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 NW 1/4 SE 1/4
Sec. 33 T.6 N. 3 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based **stock watering and irrigation**
3. Date or approximate date of earliest beneficial use; and how continuous the use has been **well completed April 9, 1963, use continuous**
4. The amount of groundwater claimed (in miner's inches or gallons per minute) **15 G.P.M.**
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof **surrounding lands**
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal **electric pump**
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater **commenced March 23, 1963, completed April 9, 1963.**
8. The depth of water table **65'**
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater **Depth of well 140 feet, 6" casing, electric pump.**
10. The estimated amount of groundwater withdrawn each year **unknown.**
11. The log of formations encountered in the drilling of each well if available **Red clay, shale and hard pan.**
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record **no information available.**

Signature of Owner _____

Date **December 23, 1963.**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

ENGINEER

**Notice of Completion of Groundwater Appropriation
Without Well**

Under Chapter 237 Montana Session Laws, 1961

Date of Appropriation of Groundwater... approx. 1940.
Chris Miller &
Owner... Mildred Miller... Address... Townsend, Montana

Contractor... if any... in 1957, under supervision of
A.S.C.
Address of Contractor... Townsend, Montana

Date Started... Date Completed...

Describe means of obtaining groundwater without a well "as by
subirrigation and other natural processes". Include depth to
water when applicable. 1940, improved spring by
insertion of pipe and troughs. In 1957 A.S.C.
and S.C.S. authorized and partially paid for
further improvements to the spring, resulting
in transfer of water over large area.

(See Below)
Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use

SE $\frac{1}{4}$ Sec. 36 T. 6 N. R. 3 E.

Indicate point of appropriation
and place of use, if possible.

Signature of Owner... Chris Miller

Date... December 20, 1963.

This form to be prepared by contractor if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Note: Spring has been improved by appropriators and flows for stock water and irrigation in a southwesterly direction through pipe and trough. In 1957 improvement, one Elmer Hudson, who has no interest in the land, through cooperation with A.S.C. improved the well further and laid 921 inches of 3/4 inch pipe in a southeasterly direction to convey water.
