County Recorder

[Signature]
The undersigned, Round Grove Ranch Co., of Helena, Montana, has appropriated groundwater according to the State of Montana in effect prior to January 1962 as follows:

Item #1: In the SE1/4 of Section 14, Township 6 North of Range 2 East, p.m.:

A well drilled in 1952, 9" casing, 140 feet deep, water level maintained at 20 feet below the surface, produces by pumping 35 gallons per minute. Used by declarant for stockwater and irrigation continuously since 1952.

Item #2: In the center of Section 22, Township 6 North of Range 2 East, p.m.:

Developed spring used for stockwater and irrigation on adjacent lands continuously by declarant and predecessors since 1953, produces 15 gallons per minute.

Item #3: In the NW1/4 of Section 26, Township 6 North of Range 2 East, p.m.:

(3a) Drilled well 65 feet deep, 6" casing, water level 10 feet below surface, produces 25 gallons per minute. Used for domestic purposes by declarant and predecessors since 1953.

(3b) In the NE1/4 of Section 26, Township 6 North of Range 2 East, a well drilled in 1952, forty feet deep, 6" casing, water level maintained at 1 ft. below surface, produces 50 gallons per minute. Used for domestic purposes by declarant and predecessors since 1953.

Item #4: In Section 27, Township 6 North of Range 2 East, p.m.:

(4a) An artesian well drilled in 1924, 6" casing, produces 50 gallons per minute. Used for irrigation and domestic purposes continuously by declarant since 1924.

(4b) Groundwater for sub-irrigation for 60 acres used continuously by declarant and predecessors since 1953.

Item #5: In Section 28, Township 6 North of Range 2 East, p.m.:

Groundwater for sub-irrigation for 200 acres used continuously by declarant and predecessors since 1953.

Item #6: In the NW1/4 of Section 29, Township 6 North of Range 2 East, p.m.:

Groundwater for sub-irrigation for 70 acres used continuously by declarant and predecessors since 1953.

Item #7: In Section 30, Township 6 North of Range 2 East, p.m.:

Groundwater for sub-irrigation for 30 acres used continuously by declarant and predecessors since 1953.
Item #6 In the 6th of Section 7, Township 7 North of Range 3 East, W.P.M.:  
Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item #7 In the 6th of Section 7, Township 7 North of Range 3 East, W.P.M.:  
Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item #11 In the 6th of Section 7, Township 7 North of Range 3 East, W.P.M.:  
Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 12 In the East half of Section 26, Township 7 North of Range 3 East, W.P.M.:  
Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 13 In Section 2, Township 7 North of Range 3 East, W.P.M.:  
Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 15 In the 5th of Section 16, Township 7 North of Range 3 East, W.P.M.:  
A drilled well, of casing, 20 feet deep, water level maintained at 12 feet below the surface. Pumps 200 miners frames and has been used continuously by declarant and predecessors for stockwater and irrigation since 1863.

Item 16 In the 5th of Section 16, Township 7 North of Range 3 East, W.P.M.:  
A drilled well, of casing, 40 feet deep, water level maintained at 15 feet below the surface. Pumps 200 miners frames and has been used continuously for stockwater and irrigation by declarant and predecessors since 1863.

Item 17 In Sections 16, 17, 18, 19, and the 5th of Section 20, and Section 21 in Township 7 North of Range 3 East, W.P.M.:  
Groundwater springs sub-irrigation lands and used continuously for stockwater by the declarant and its predecessors since 1863.

Item 18 In Sections 25, 26, 27 of Township 7 North of Range 3 East, W.P.M.:  
Groundwater springs sub-irrigation lands and used for stockwater together with 2" of water of Barnett Creek used continuously by declarant and predecessors since 1863.
Item #19 In Section 5, Township 7 North of Range 3 East, 62.5 Ac.

Groundwater springs and north and south forks of Hay Creek maintained and developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #20 In Sections 26, 27, 28, 30 of Township 7 North of Range 2 East, 62.5 Ac.

Groundwater springs and Hay Creek maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #21 In Sections 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #22 In Sections 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #23 In Section 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #24 In Sections 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #25 In Sections 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #26 In Sections 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.

Item #27 In Sections 21, 22, 23, 24, 25 and 26 in Township 3 North of Range 2 East, 125 Ac.

Groundwater springs maintained, developed, and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1953.
Item #25 In Sections 7, 8, 9, 10, 11, 12, 13, 14, 26, 27, 28, 29, 30, 31, 32, and 33 in Township 12 North of Range 2 East, A.P.N.: 
Groundwater springs maintained, developed and used continuously by declarant and predecessors for sub-irrigation and stockwater since 1875.

Item #25 Homestead Entries, sec. 107, 108 and 109 in Township 11 North of Range 2 East, A.P.N.: 
Groundwater springs, maintained, developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1875.

Item #30 In the 32d of Section 31, Township 7 North of Range 1 West, A.P.N.: 
Groundwater spring running 0 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #31 In 5d of Section 4, Township 7 North of Range 1 West, A.P.N.: 
Groundwater spring running 2 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #32 In 5d of Section 18, Township 7 North of Range 1 West, A.P.N.: 
A well drilled in 1916, 60 ft. deep, with the water level maintained 30 ft. from the surface of the ground, producing 3 gallons per minute, maintained, developed and used continuously by the declarant and its predecessors for stockwater since 1916.

Item #33 In 5d of Section 17, Township 7 North of Range 1 West, A.P.N.: 
Two dug wells, one 40 ft. deep, one 30 ft. deep, water level 20 feet below surface, each producing 4 miners inches, maintained, developed and used continuously by the declarant and its predecessors for irrigation and stockwater since 1916.

Item #34 In 5d of Section 17, Township 7 North of Range 1 West, A.P.N.: 
Groundwater spring maintained, developed and used continuously by declarant and its predecessors for stockwater since 1916. The spring produces 4 miners inches.

Item #35 In 5d of Section 16, Township 7 North of Range 1 West, A.P.N.: 
Groundwater spring maintained, developed and used continuously by declarant and its predecessors for stockwater since 1916. The spring produces 4 miners inches.

Item #36 In Section 7, Township 7 North of Range 1 West, A.P.N.: 
Spring producing 4 miners inches, maintained, developed, and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #37 In Section 7, Township 7 North of Range 1 West, A.P.N.: 
Spring producing 4 miners inches, maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

...
Item #38  In SE½ of Section 2, Township 4 North of Range 1 West, A.R.M.:

c dug well 12 ft. deep, water level 2 ft. from surface, used, maintained and developed continuously by declarant and its predecessors for stockwater since 1915 and producing 2 inches.

Item #39  In Section 15, Township 4 North of Range 1 West, A.R.M.:

Groundwater springs and creek maintained, developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1916.

Item #40  In Section 20, Township 4 North of Range 1 West, A.R.M.:

Groundwater spring producing 3 inches of water, maintained, developed and used continuously by the declarant and its predecessors for irrigation and stockwater since 1916.

Item #41  In Section 29, Township 4 North of Range 1 West, A.R.M.:

c dug well 12 ft. deep, water level 16 feet from surface producing 2 inches of water, maintained, developed and used continuously by declarant and its predecessors for domestic purposes and stockwater since 1916.

Item #42  In Section 13, Township 4 North of Range 1 West, A.R.M.:

Groundwater springs maintained, developed and used continuously by declarant and its predecessors for irrigation and stockwater since 1916.

Item #43  In Sections 2, 11, 15, 16, 17, 18, 19, 20 of Township 4 North of Range 1 East, ....

Groundwater springs maintained, developed and used continuously by declarant and its predecessors for sub-irrigation and stockwater since 1915.

Item #44  In Section 11, Township 6 North of Range 1 East, A.R.M.:

Use of Missouri River for stockwater maintained, developed and used continuously by declarant and its predecessors since 1915.

Item #45  In Section 22, Township 6 North of Range 1 East, A.R.M.:

c dug well 12 ft. deep, water level maintained 6 ft. below surface, producing 2 inches of water and maintained, developed and used continuously by declarant and its predecessors for domestic purposes and stockwater since 1915.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Hubert A. Plymale & Edna Ann Plymale, of Townsend
   Name of Appropriator: Address (Town)
   County of Broadwater State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Domestic, Stock, & Garden irrigation

   3. Date or approximate date of earliest beneficial use: and how continuous the use has been: April 1st 1956.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gallons per minute.

   5. If used for irrigation, give the acres and description of the lands to which water has been applied and name of the owner thereof: Garden use.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Three-quarter inch electric pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Drilled in November, 1955.

   8. The depth of water table: 30 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 56 ft.

   10. The estimated amount of groundwater withdrawn each year: 300,000 gal.

   11. The log of formations encountered in the drilling of each well if available: not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: signature of owner.

   Signature of Owner: Date: September 6, 1962.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

This form to be prepared by contractor, if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form "Not Applicable" be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: [Name]
   Address: [Address]
   Town: [Town]
   County: [County]
   State: [State]

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   The beneficial use on which the claim is based

   Date or approximate date of earliest beneficial use: [Date]
   Usable for: [Use]

   The amount of groundwater claimed (in miner's inches or gallons per minute): [Amount]

   The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [Date]

   The depth of water table: [Depth]

   The estimated amount of groundwater withdrawn each year: [Amount]

   The log of formations encountered in the drilling of each well if available

   Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner: [Signature]
   Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and redistributed for the Appropriation.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
Under Chapter 237, Montana Session Laws, 1961

Owner: HAROLD IV. MARKS Address: TRANSEND MONT
Driller: PUTZ DRILLING Address: BILLINGS MONT

Date of Notice of appropriation of groundwater

Date well started: 1-12-67 Date completed: 1-13-67
Type of well: DRILLED Equipment used: EXCAVATING TOOLS
(Dug, Driven, bored or drilled) (Churn drill, rotary or other)
Water use: Domestic ☐ Municipal ☐ Stock ☐ Irrigation ☐
Industrial ☐ Drainage ☐ Other ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or cavings, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

---

Static Water Level for non-flowing well
Shut-in Pressure for flowing well
Pumping Water Level
Discharge in gal. per min. of flowing well

No. of Test: 
Length of Test: 
Remarks: [Gravel packing, cementing, packers, type of shut-off]...

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

---

Show exact depth of bottom.

This form to be prepared by driller and three copies to be filled by the owner with the County Clerk and Recorder in the county in which the well is located, one copy to be retained by driller.

Please answer all questions, if not applicable, to state, otherwise the form will be returned.

Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 4 In the 4th section 1 of Township 8 North of Range 3 East, M.P.K.:

Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 10 In the 10th section 1 of Township 8 North of Range 3 East, M.P.K.:

Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 11 In the 11th section 7 of Township 8 North of Range 3 East, M.P.K.:

Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 12 In the East Half of Section 20, Township 8 North of Range 3 East, M.P.K.:

Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 13 In Section 4, Township 7 North of Range 3 East, M.P.K.:

Groundwater for sub-irrigation of 20 acres used continuously by declarant and predecessors since 1863.

Item 15 In the 15th section 18, Township 8 North of Range 3 East, M.P.K.:

A drilled well, 6" casing, 40 feet deep, water level maintained at 15 feet below the surface. Pumps 40 miners inches and has been used continuously for stockwater and irrigation by declarant and predecessors since 1813.

Item 16 In the West 1/4 of Section 32, Township 8 North of Range 3 East, M.P.K.:

A drilled well, 6" casing, 40 feet deep, water level maintained at 3 feet below the surface. Pumps 20 miners inches and has been used continuously for stockwater and irrigation by declarant and predecessors since 1813.

Item 17 In Sections 16, 17, 18, 19, and the 10th section 20, and Section 21 in Township 8 North of Range 3 East, M.P.K.:

Groundwater springs sub-irrigation lands and used continuously for stockwater by the declarant and its predecessors since 1863.

Item 18 In Sections 25, 26, 27 of Township 3 North of Range 2 East, M.P.K.:

Groundwater springs sub-irrigating lands and used for stockwater together with 90' of water of Burnett Creek used continuously by declarant and predecessors since 1863.
In the name of God, to whose right the law assigns all power and authority, and to whose knowledge all things must be rendered, I, James O'Connell, having first been duly sworn, depose and say that I am of lawful age and am the President of Monte Carlo Mines, the appropriator and claimant of the order and water right mentioned in the foregoing declaration of wasted groundwater rights and the corporation whose name is subscribed thereto, as the appropriator and claimant, that I know the contents of said foregoing notice and that the matters and things therein stated are true.

Subscribed and sworn to before me, this day of , 19--

By:

Dated: 12/12/2012

County Clerk
Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

File No. 69561

Duplicate

State of Montana
Administrator of Groundwater Code
Office of State Engineer

Notice of Completion of Groundwater Appropriation
Without Well

Date of Appropriation of Groundwater
1920

Owner: Howard & Lillian Perkins
Address: Townsend

Contractor (if any)
Address of Contractor

Date Started: 1920
Date Completed: 1920

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural spring with ditch for irrigation.

Inches of water

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Continuously during summer months

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Howard Perkins
Date: January 7, 1963

This form to be prepared by contractor if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Secretary; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1912
Owner: Perkins
Address: Lillian, Townsend
Contractor (if any): Original owner John Perkins
Address of Contractor
Date Started: 1912
Date Completed: 1912

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable:

- Tank's lower spring
- Natural spring
- Reservoir dug with dozer water trough above
- Reservoir holds 3000 to 4000 gallons
- When full

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

- Used all summer

Signature of Owner: John Perkins
Date: January 7, 1963

This form to be prepared by contractor if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

STATE OF MISSOURI
County of Broome

This 7th day of March, in the year of our Lord one thousand eight hundred and sixty-three, in the presence of the undersigned, a committee of the Board of Trustees, and of the District Clerk of the said county, the following facts were fully and distinctly stated:

1. On the 27th day of January, 1863, a petition was filed in the said court, asking for the establishment of a school district in said county, and for the appointment of trustees and teachers for the same.

2. The petition was duly signed by fifty-five voters.

3. The petition was presented to the Board of Trustees, who voted to approve and adopt it.

4. The Board of Trustees appointed John Doe and Jane Smith as trustees, and John Brown as teacher.

5. The school was opened on January 20, 1863, and is located on the east side of the town of Broome.

Water Use: Domestic [ ] Municipal [ ] Other [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Stock [ ]

*Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Perforations:

State Water Level for non-flowing Well: 10 ft.
Shut-in Pressure for Flowing Well: 10 psi
Pumping Water Level: 15 ft. at 10 gpm
Discharge in gal. per min. of flowing well: 10 gal.
How Tested: Flow rate
Length of Test: 4 hours

Remarks: Gravel packing, cementing, packers, type of shut off, location of point of use of groundwater, if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation.

Driller's License Number: 114
Driller's Signature: Gilbert Heck

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer, Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

Under Chapter 37, Montana Session Laws, 1961

Owner: Vern Smith
Address: Townsend, Montana
Driller: Earl Heck
Address: Harvard, Montana

Date of Notice of Appropriation of Groundwater: 7/11
Date well started: 7/3
Date Completed: 7/11

Type of well: Artificial
Equipment Used (dug, driven, bored or drilled): Churn, drill, rotary or other

Water Use: Domestic ☑️ Municipal ☐ Other ☐ Irrigation ☐
Industriai ☐ Drainage ☐ Stock ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing well: 40 feet.

Shut-in Pressure for Flowing Well: 

Pumping Water Level: 50 feet at 12 gal. per minute.

Discharge in gpm per min of flowing well: 

How Tested: 

Length of Test: 3 hours

Remarks: Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation.

2. The beneficial use on which the claim is based: Domestic.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: 1942-1952 continuously.

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - Head pump 10-Gal. per minute
   - Power pump 150-Gal. per hour

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - one hand pump
   - one electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: see number 3.

8. The depth of water table: 15 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 20 feet hand dug wells.

10. The estimated amount of groundwater withdrawn each year: 300-gallon per day.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: [Sign]
Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; triplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology; and quadruplicate for the Approprietor.
