STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
Under Chapter 257, Montana Session Laws, 1961

Name of Appropriate
County of:
State of:

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: STOCK WATER

3. The amount of groundwater abstracted, in minor's inches or gallons per minute: 25 MIN. INCHES

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   NOT APPLICABLE

5. The date of commencement and completion of the construction of the well, well, or other works for withdrawal of groundwater: NOT APPLICABLE

6. The depth of water table: NOT APPLICABLE

7. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: NOT APPLICABLE

8. The estimated amount of groundwater withdrawn each year: UNKNOWN

9. The log of formations encountered in the drilling of the well: NOT APPLICABLE

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any survey record:

   [Signature] Myles
   Dec 26 1962

These papers are certified by me, being the County Clerk and Recorder of the county in which the well is located,

[Signature of County Clerk and Recorder]

1962.
STATE OF MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use and how continuous the use has been July 11, 1952

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. Sec. T R. Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater July 11, 1952

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The list of formations encountered in the drilling of such well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date Feb. 15, 1962

This agreement to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer. Triplicate to the Bureau of Mines and Quartermaster for the Administrative.
Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1889 (Approximate)

Owner: Mrs. K. Alice Tuffley
Address: 910 N. Park Helena, Mont.

Contractor (if any): None

Address of Contractor: N/A

Date Started: N/A

Date Completed: N/A

Describe means of obtaining groundwater without a well "as by subirrigation and other natural processes": Include depth to water, when applicable... natural springs—depth varies with season and weather...

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use used year around for stock watering and irrigation purposes—some springs situated in creek bed...

Date: December 28, 1961

Signature of Owner...

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriation.

Address: Winston, Montana
Contractor if any: None
Address of Contractor: None
Date Started: Date Completed: not applicable

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. A sub-irrigation of approximately
20 acres of meadow land, and sub-irrigated, cropped and grazed continuously
since 1919, which the claimant now occupies and
used in early 1960's, the Department of
Reclamation, Bureau of Land Management, has issued a permit for the
claimant to use such water in the manner of sub-irrigation. Owner,
corn, canola, and development work and cropping
estimated quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

This form to be prepared by contractor, if any, otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962 as follows:

1. The beneficial use on which the claim is based: Stock water

2. Date of approximate date of earliest beneficial use and how continues the use has been 1953 used continuously for 5 to 15 head of stock in summer and up to 30 head thru winter.

3. The amount of ground water claimed in miner's inches or gallons per minute, possibly 1 gallon per minute.

4. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric motor and pump jack

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: October 1 to Oct. 30, 1953

7. The depth of water table: about four feet

8. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 13 feet deep - 30 inches across

9. The estimated amount of ground water withdrawn each year: 

10. The log of formation encountered in the drilling of each well if available: dirt, gravel, sand

11. Such other information of a similar nature as may be needed in carrying out the policy of this act, including references to owners and name of any county record.

Notice of Completion of Groundwater Appropriation
Without Well

Under Chapter 237 Montana Session Laws, 1961

Date of Appropriation of Groundwater: Dec. 27-63

Owner: Albert H. Diehl
Address: Winston, Mont.

Contractor (if any): None
Address of Contractor: None

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes." Include depth to
water when applicable: natural

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate length of periods of use: It is used for stock water only

Signage of Owner: Albert Diehl
Date: Dec. 27, 63

This form to be prepared by contractor if any. otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, triplicate to the Montana
Bureau of Mines and Geology and quadruplicate to the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Joseph P. Clark
   Name of Appropriator

   Town: Missoula, Montana

   County of Broadwater
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   1. The beneficial use on which the claim is based:
      Drinking and Stock water

   2. Date or approximate date of earliest beneficial use, and how continuous the use has been:
      1948, every day
      1952, every day

   3. The amount of groundwater claimed (in miner's inches or gallons per minute):
      50 gal. per minute
      50 gal. per minute

   4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      None

   5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      Electric pump
      Pump

   6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
      1948 & 1952

   7. The depth of water table:
      Do not know

   8. The estimated amount of groundwater withdrawn each year:
      Not known

   9. The log of formations encountered in the drilling of each well if available:
      Not available

   10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
        None

   Signature of Owner: ____________________________
   Date: __________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; dupli cate to the State Engineer. Triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

### Declaration of Vested Groundwater Rights

**Under Chapter 268, Montana Session Laws, 1961**

1. **Name of appropriator:**
   - County: 
   - Address: 
   - Town: 

2. The beneficial use on which the claim is based:
   - Household &
   - Farm & Garden & Lawns

3. Date or approximate date of earliest beneficial use and how continuous the use has been:
   - Not applicable

4. The amount of groundwater claimed in miner’s inches or gallons per minute:
   - 50 inches

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:
   - Gardens & Lawns

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Not applicable

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Not applicable

8. The depth of water table:
   - 10 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - 4 ft. Diameter pipe 15 ft. deep

10. The estimated amount of groundwater withdrawn each year:
    - Not applicable

11. The log of formations encountered in the drilling of each well if available:
    - Not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    - Not applicable

---

**Signature of Owner:**

**Date:**

These papers are to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Technical to the County Clerk and Recorder; applicable to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and to Administrator for the Recorder.

</tbody>
</table>

2. The beneficial use on which the claim is based  
   water for:  
   recreational purposes  

3. Date or approximate date of earliest beneficial use and how continuous the use has been:  
   August 10, 1960  
   continuous use  

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   20 gallons per minute  

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:  
   not used for irrigation  

   Indicate point of appropriation and place of use, if possible.  Each small square represents 10 acres.  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   hand lift pump  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   Well started August 1, 1960 - well completed August 3, 1960  

8. The depth of water table:  
   42'  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   6" pipe - 42' in depth  

10. The estimated amount of groundwater withdrawn each year:  
    1 acre-foot  

11. The log of formations encountered in the drilling of each well if available:  
    0' - 4' top soil and gravel, 4' - 15' coarse gravel, 15' - 31' clay and gravel, 31' - 42' limestone and layers of clay.  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
    This water is used for domestic, household, stock watering, and similar uses by employees of the United States, its agents, and the public in connection with operation of recreation facilities at Canyon Ferry Federal Reclamation Project.  

   United States of America  
   Signature of Owner:  

   For Regional Director, Region 6, Bureau of Reclamation  
   Date: December 12, 1963  

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

For any questions, if not applicable, so state, 1 copy will be returned.

Duplicate to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and to appropriate for the Appropriator.
