Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Kirby L. Summers, of Elk Lake

County of Carter, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Continuous 1923

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1923

8. The depth of water table: 9.5 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Bored-24 in.-110 ft. galvanized

10. The estimated amount of groundwater withdrawn each year: 12,000

11. The log of formations encountered in the drilling of each well if available: Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Kirby L. Summers
Date: Oct. 18, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

Kirby L. Summers of Ekalaka
County of Carter
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

Stock Water Well

4. Date or approximate date of earliest beneficial use; and how continuous the use has been

5 gallons per minute

2. The amount of groundwater claimed (in miner's inches or gallons per minute) Sept. 1940 Continuous

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

June 1940 - Sept. 1940

8. The depth of water table

40 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

Drilled - 5' galvanized casing - 90' deep

10. The estimated amount of groundwater withdrawn each year

30,000 gallons

11. The log of formations encountered in the drilling of each well if available

Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Not to my knowledge.

Signature of Owner

Date

January 10, 1962

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Kirby L. Summers  of  Ekalaka

County of  Carter  State of  Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: General at ranch headquarters.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Continuous since 1926.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 4 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Small garden.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump with electric motor.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1926.

8. The depth of water table: 30 ft. to water.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled - 76 ft. casing - 80 ft.

10. The estimated amount of groundwater withdrawn each year: 300 gal. per day.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not available.

Signature of Appropriator: Kirby L. Summers
Date: Nov 18, 1963

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

United States Government
CUSTOM NATIONAL FOREST of
(Name of Appropriator) (Address) (Town)

COUNTY OF State of

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1938

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1938

8. The depth of water table: surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: water is collected at the source and run through pipe to stock watering tank

10. The estimated amount of groundwater withdrawn each year: 16,000 gallons

11. The log of formations encountered in the drilling of each well if available: not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: supplied in file of U.S. Forest Service at Camp Crook, South Dakota

Signature of Owner: [Signature]
District Ranger: [Signature]

Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Town)
2. The beneficial use on which the claim is based
   - stock water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Oct. 1933 – continuous during the summer months
4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1 gallon per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - not applicable
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: spring box
7. The date of commencement and completion of the construction of the well, or other works for withdrawal of groundwater: 1933
8. The depth of water table: surface
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: spring box, 1 in. dia., 12 ft. deep, 1-1/4 in. pipe to stock watering tank
10. The estimated amount of groundwater withdrawn each year: 108,000 gallons
11. The log of formations encountered in the drilling of each well if available: not applicable
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: recorded in parcel of U. S. Forest Service

Signature of Owner: [Signature]
District ranger: [Name]
Date: 12-30-62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
Filed for Record

Mon 1 1962,
Rep. Dickerson
Jr. McAuliffe
