County of Harding State of South Dakota

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:
   - stock water

2. Date or approximate date of earliest beneficial use, and how continuous the use has been 1938 and continuous during 178 months.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) 1 gallon per minute

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not applicable

5. Indicate point of appropriation and place of use, if possible.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   - spring box

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1938

8. The depth of water table.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   - Water collected in box at the source and piped through 1 1/4" pipe to stock watering tank

10. The estimated amount of groundwater withdrawn each year 296,000

11. The log of formations encountered in the drilling of each well if available.
   - not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
   - Recorded in files of U. S. Forest Service at Dead Brook, South Dakota

J. S. Forest Service

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer. Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based—
stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been—
Nov. 1, 1973

4. The amount of groundwater claimed (in miner's inches or gallons per minute)—1 gallon per minute

5. If used for irrigation, give the acres and description of the lands to which water has been applied and name of the owner thereof—
not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal—
spring box

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater—
1958

8. The depth of water table—surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater—water is collected in a spring box and piped through a 1 1/4" pipe to a stock water-supply tank

10. The estimated amount of groundwater withdrawn each year—216,000 gallons

11. The log of formations encountered in the drilling of each well if available—
not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record—

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 257, Montana Session Laws, 1961)

Date of Notice of Appropriation of Groundwater: _______________

Date well started: _______________

Date completed: _______________

Type of well: Drilled

Equipment Used: Rating

(Chis, drill, rotary, or other)

Water Use: Domestic [] Municipal [] Other [] Irrigation []

Industrial [] Drainage [] Stock []

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing well: _______________ feet.

Shut-in Pressure for Flowing Well: _______________ feet.

Pumping Water Level: _______________ feet at _______________ gal. per minute.

Discharge in gal. per min. of flowing well: _______________.

How Tested: _______________. Length of Test: _______________.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation).

Driller’s License Number: _______________.

Driller’s Signature: _______________.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

County of: [ ] State of: [ ]

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the appropriation is based.

3. Date or approximate date of commencement of the use, if possible.

4. The amount of groundwater used (in cubic inches per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, works, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size, and place of supply of each well or other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: [Signature] Date: [ ]

Date stamped by the owner with the County Clerk and Recorder of the county in which the well is located.

Form to be answered in full. If not applicable, so state. Otherwise the form will be returned.

Copy filed with County Clerk of County in which well is located. Duplication to the State Engineer, Duplicate to the Montana Bureau of Mines and Geology, and Original to the Appropriator.
