Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner: Angus Ferguson
Address: Cascade

Contractor (if any): None
Address of Contractor: None

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable:

Natural flow

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

10 gal. per min. year around use

3 gal. per min. year around use

Indicate point of appropriation and place of use, if possible.

Signature of Owner: Angus Ferguson
Date: December 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA.

County of Cascade.

I hereby certify that the within instrument was filed in the office of

J. E. LENNON
County Clerk and Recorder

ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER  

Declaration of Vested Groundwater Rights  
(Under Chapter 237, Montana Session Laws, 1961)

Gail F. Framboiser  
(Name of Appropriator)  

1. Omar C. Framboiser  
(Name of Appropriator)  

County of Cascade  
(State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:  
   Well #1 - house use,  
   Well #2 - watering stock

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:  
   Both wells first used in 1909 and have been used continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   Each well 10 gallons per minute

5. If used for irrigation, give the general and description of the lands to which water has been applied and name of the owner thereof:  
   Well #1 used for irrigation of garden and lawn in area adjacent to well on land owned by appropriators.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   In Well #2 water withdrawn by hand pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   Wells were completed in 1909

8. The depth of water table:  
   Well #1 55' deep;  
   Well #2 35' deep

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   Well #1 is 30" in diameter; Well #2 has a 5" casing, is 35' deep and water is within 15' of the surface of the ground

10. The estimated amount of groundwater withdrawn each year:  
   Over 50,000 gallons from each well

11. The log of formations encountered in the drilling of each well if available:  
   Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
   None

Signature of Owner:  

Date: December 27, 1963

These copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Affirmative declaration of the name of the appropriator, the county, town, and state.

County of Cascade, State of Montana.

I, [Name], have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: General Farm use.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been since that date: October 1943, continuing.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 gallons per minute.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof. Not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: by electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Oct 10, 1943 - Oct 17, 1943.

8. The depth of water table: 56 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, 5 men casing, 50 ft.

10. The estimated amount of groundwater withdrawn each year: 50,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

1. John Evenson
   (Name of Appropriator)
   of Hillman Rd., Great Falls
   (Address)
   (Town)

   County of Cascade
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is for
   and Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been from 1925 to 1942 continuous
   and from 1942 to 1962 continuous but improved

4. The amount of groundwater claimed (in miner's inches or gallons per minute) Well #1, 20 gal. per minute
   Well #2, 5 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Garden and lawn 1/4 acre in SW1/4 NW
   Sec. 15 T20N R2E

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Pump by electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Well #1 - 1942 - 1943
   Well #2 - 1925

8. The depth of water table
   Well #1 - 27 ft.
   Well #2 - 7 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Well #1 - drilled 100 ft, 8 in. casing
   Well #2 - 5 in. casing driven 10 ft, with 11 ft. of water varying by the rise and fall of the Smith River

10. The estimated amount of groundwater withdrawn each year
    Well #1 - 75,000 gal.
    Well #2 - 50,000 gal.

11. The log of formations encountered in the drilling of each well if available
    Well #1 - Helena
    Well #2 - not recorded

Gall F. Fraunhofer and
Qmar E. Fraunhofer
(Name of Appropriate)
of ............................................ Cascade
(Address)
(Town)
County of Cascade
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Wells #1 and 2 used for household use, irrigation of lawn and garden and watering livestock; Wells #3, 4 and 5 used for watering livestock.

2. The beneficial use on which the claim is based for household use, irrigation of lawn and garden and watering livestock; Wells #3, 4 and 5 in use for watering livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Wall #1 - 1950; Wall #2 - 1903; Wall #3 - 1917; Wall #4 - 1906; Wall #5 - 1904.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Walls #1 and 2 - each 3 gals. per minute; Wall #3 - 3 gals. per minute; Wall #4 - 5 gals. per minute; Wall #5 - 3 gals. per minute.

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof:

Walls #1 and 2 used for irrigation of lawn and garden in area adjacent to well on land owned by appropriators.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Wall #1 - electric pump, balance of wells, by cylinder pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Wall #1 - 1950; Wall #2 - 1903; Wall #3 - 1917; Wall #4 - 1906; Wall #5 - 1904.

8. The depth of water table: Wall #1 - 105' deep; Wall #2 - 75' deep; Wall #3 - 32' deep; Wall #4 - 21' deep; Wall #5 - 18' deep.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Wall #1 - 105' deep; 6" casing, water within 50' of surface of ground; Wall #2 - 75' deep; 6" casing, water within 55' of surface of ground; Wall #3 - 32' deep; 4" in diameter, water 26' from surface of ground; Wall #4 - 21' deep; diameter of 9", water within 4' of surface of ground; Wall #5 - 18' deep, 4" in diameter, water within 3' from surface of ground.

10. The estimated amount of groundwater withdrawn each year: Wells #1 and 2 - over 50,000 gallons per year; Wells #3, 4, and 5 - over 25,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

   County of Cascade
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Irrigation, livestock water, and irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. There are two wells, 1900 and 1917 both have been used continuous

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallon

   5. If used for irrigation, give the area and description of the lands to which water has been applied and name of the owner thereof
      Small garden land at well description

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Electric motor system

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1904 and 1917

   8. The depth of water table
      Around 70 feet even well

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      Two wells each 70 feet deep and 10 inch in diameter

   10. The estimated amount of groundwater withdrawn each year 240,000

   11. The log of formations encountered in the drilling of each well if available
      heavy well 10 ft. button

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
      I have listed above

Declaration of Vested Groundwater Rights
Under Chapter 237, Montana Session Laws, 1961

E. E. Edmonson, of Blackstone Apts., Great Falls, Montana

County of Cascade, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962 as follows:

1. The beneficial use on which the claim is based: Stock and Domestic Water

2. Date of earliest beneficial use: 1956 Continuous since that time

3. Approximate date of irrigation use: 1956

4. Amount of groundwater appropriated (in miner's inches or gallons per minute): Not Applicable

5. If used for irrigation, the average and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   Electric pump on both wells in the SE1/4SE1/4

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Two wells drilled in 1956 and both completed in 1956.

8. The depth of water table: 115 feet

9. Type, size and depth of each well or general specifications of any other works for the withdrawal of groundwater:

   One 100-foot well, 6" drilled
   One 115-foot well, 6" drilled

10. The estimated amount of groundwater withdrawn each year: 73,000 gallons

11. The log of formations encountered in the drilling of each well if available: Not Available

12. Other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None
