STATE OF MONTANA, ex
County of Cascade.

Thereby certify that the within instrument was filed in this office on
JUN 29 1973
3:36 p.m.

J. L. LENNON
County Clerk and Recorder.
Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

Owner:  Fred Winter  Address:  Great Falls, Mont.
Driller:  Thomas B. Franklin  Address:  Great Falls, Mont.

Date of Notice of appropriation of groundwater:  Aug. 15, 1962
Date well started:  Aug. 28, 1962  Date completed:  Sept. 15, 1962

Type of well:  Drilled  Equipment used:  Cattle tail
(Churn drill, rotary or other)

Water use:  Domestic  Municipal  Stock  Irrigation
Industrial  Drainage  Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well 170 ft. feet
Shut-in Pressure for Flowing Well: None
Pumping Water Level: 300 ft. feet
Discharge in gal. per min. of flowing well: None

How tested:  Balance
Length of Test: 2 hrs
Remarks:  (Gravel packing, cementing, packers, type of shutoff)  None

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

(Continue on reverse side)

Use—If used for irrigation, industrial, drainage or other, explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Signature of lot or lots.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater

Owner

Contractor (if any)

Address of Contractor

Date Started

Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner

Date

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
**Declaration of Vested Groundwater Rights**

(Under Chapter 237, Montana Session Laws, 1961)

2. The beneficial use on which the claim is based: livestock irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: August 1, 1960. Continuously.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 500 in.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 100 acres, Pleasant Valley. John Smith.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Drilled well, 100 ft. deep, located at 36° 45' N., 111° 45' W.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1960. Constructed, date unknown. Automatic electric pump.

8. The depth of water table: 60 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled to 100 ft., water level at 60 ft. cor with 100 ft. jet pump. Cr. 1 ft.

10. The estimated amount of groundwater withdrawn each year: 10,000,000 gal.

11. The log of formations encountered in the drilling of each well if available: No log available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Additional information.

Signature of Owner:

Date: December 12, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropnator.

OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater:

The Montana Power Co., 40 East Broadway
Owner: Butte, Montana 59701

Contractor (if any):

Address of Contractor:

Date Started: June 1, 1972
Date Completed: June 15, 1972

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Dug out springs and installed collection pipes and put in a collection tank and ran water into stock watering tank

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

Measured the flow of the outlet pipe to 2/3 gallon per minute, (356,000 gallons per year). The water to be used 12 months of the year for stock watering.

Signature of Owner:

Vice President:

Date: 7/2/73

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

The Montana Power Company of 40 East Broadway, Butte

County of Cascade, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based: Livestock water
3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1910
4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute = 24,000 gallons per day
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Natural spring
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1910
8. The depth of water table:
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
10. The estimated amount of groundwater withdrawn each year: 3,000,000 gallons
11. The log of formations encountered in the drilling of each well if available:
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1944

Tom Rada and
Millesan Route
Owner: Orville Rada
Address: Great Falls, Montana

Contractor (if any): none
Address of Contractor: not applicable

Date Started: N/A
Date Completed: N/A

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Surround Spring which flows from rocks which lay south of our present home.

This water is used for personal use as well as irrigation.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

According to average flow these springs will flow up to 2,000 gallons per day.

Signature of Owner: Orville Rada
Date: December 25, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geography and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ray C. Stanich (Name of Appropriator)
   of Great Falls, (Address)
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   home & irrigation, stock watering.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   approximate date June 1916;
   continuous since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   approximately 1290 gallons per hr.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Electric pump, one well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   exact date unknown, approximately June 1916.

8. The depth of water table
   42 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   One well, 6inch casing, 48 feet deep.

10. The estimated amount of groundwater withdrawn each year
    20,000 gallons yearly. (approximately)

11. The log of formations encountered in the drilling of each well if available
    unknown, driller.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

NOTICE OF APPROPRIATION OF GROUNDWATER

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD

After filing a notice of appropriation, in order to acquire a right based thereon, the person must, within ninety (90) days, commence actual excavation and diligently prosecute construction of a well and, upon its completion, file a notice of completion with the County Clerk of the county in which the appropriation of natural resources is conserved.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

1. The Montana Power Company
   (Name of Appropriator)
   of 40, East Broadway
   Butte
   (Address)

   County of Silver Bow, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is stock watering

3. The rate of use in gallons per minute or miner's inches of groundwater claimed
   25 g.p.m.

4. The estimated amount of groundwater to be used annually 125,000 gallons

5. The probable or intended date of first beneficial use November 10, 1971

6. The probable or intended date of commencement and completion of the well or wells
   November 1, 1971 - November 10, 1971

7. The location, type, size and depth of well or wells contemplated:
   T19 N, R3 E
   6' drilled and driven well 140' deep

8. The probable or estimated depth of the water-table or artesian aquifer 138'

9. The name, address, and license number of the driller engaged
   Thomas B. Franklin
   Great Falls, License No. 84

10. Give such other similar information as may be useful in carrying out the policy of this act
