RECEIVED
NOV 22 1963

STATE ENGINEER

1. Michael Darko and Loretta M. Darko, of Belt,
(Name of Appropriator) (Address) (Town)
County of Cascade State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 NW 1/4 Sec. 4 T. 19 R. 6 E

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based.
Domestic and garden use
3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
unknown
Approximately 1910 - has been used continuously
4. The amount of groundwater claimed (in miner's inches or gallons per minute).
300 gallons per day
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
Garden
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
Electric pump
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
unknown
8. The depth of water table.
Ten (10) feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
Pipe - 1 1/2 inch
10. The estimated amount of groundwater withdrawn each year.
109,500 gallons per year
11. The log of formations encountered in the drilling of each well if available.
none available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
none

Signature of Owner Michael Darko
Loretta M. Darko

Date.....

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

1. P. J. Gilfeather and Margaret L. Gilfeather of Great Falls,
(Name of Appropriator) (Address) (Town)
County of Cascade State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 SW 1/4 Sec. 10. T. 19 N. R. 6 E.

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based. Irrigation
3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1949 (continuously)
4. The amount of groundwater claimed (in miner's inches or gallons per minute). 5 gallons per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Approximately 5 acre tract, located in the SE 1/4 of NW 1/4 of the SW 1/4, Section 10, Twp. 19 North, Range 6 E
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Fairbanks Morse Model 3338D Deep Well Pump, pipe and casing (approximately 50 yards south of house well)
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1949
8. The depth of water table. Approximately 100 to 140 feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Depth of well is 140 feet - drawn by 1" pipe and electric pump.
10. The estimated amount of groundwater withdrawn each year. 2,628,000 gallons per year.
11. The log of formations encountered in the drilling of each well if available. Franklin Well Driller (Mr. Franklin now deceased).
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater Oct 1, 1953
Owner Elmer W and Raymond W Gray Address Belt, Mont.

Contractor (if any) none

Address of Contractor —

Date Started Sept 29, 1953 Date Completed Sept 30, 1953

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Underground water or spring that rose to surface and flowed was dug out by hand to increase flow.

Average depth to top of water is two feet and depth of water is three feet. Water flows in ditch through corrals and pasture.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use

Quantity of water varies considerably during year. Will water 30-40 head of cattle during times of smallest flow. Used six months of year for 30-40 cattle. Year round for 4-10 head.

Signature of Owner Raymond W Gray

Date April 19, 1962

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Andy Baron, of Belt,
(Name of Appropriator) (Address) (Town)
County of Cascade State of Montana.
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

E 1/4 Sec. 20 T. 19 R. 6 East.

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based Domestic.
And sometimes for livestock.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1930. Continuous since then.
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons by hand pump.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof None.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal By hand pump.
located in SE 1/4 of Section 20-Twp. 19 No-Rge 6 East.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Prior to 1930 when I purchased the premises.
8. The depth of water table 16 feet at this point.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater This well has been dug by hand labor apparently and is 16 feet in depth. Hand pump is used for withdrawal thereof.
10. The estimated amount of groundwater withdrawn each year 54000 gals.
11. The log of formations encountered in the drilling of each well if available 6 foot of black loam with rest being gravel and sand.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None.

Signature of Owner Andy BaronDate December 28, 1963.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based.....
Domestic and irrigation
3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....Approximately 1900
(continuously)
4. The amount of groundwater claimed (in miner's inches or gallons per minute).....approximately 10 to 15 gallons per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
Irrigates 5 acres on the SW 1/4 of the NE 1/4.
Applicant is owner.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Withdrawn by 1/2 horse power electric pump through
1 1/4 inch pipe.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....Development commenced and completed probably in 1900.
No records.
8. The depth of water table.....Well depth is 26 feet, water table 16 feet to 20 feet.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....Well depth is 26 feet. Water is withdrawn by 1/2
horsepower electric pump through 1 1/4 inch pipe.
10. The estimated amount of groundwater withdrawn each year.....109,500 gallons per year.
11. The log of formations encountered in the drilling of each well if available.....No record of ground
formations recorded. Well dug through 24 inches of top soil and the rest in sandstone.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....
No records, applicants first appropriators.
