Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater
Owner(s) ____________________________
Address ____________________________
Contractor (if any) ____________________
Address of Contractor ____________________
Date Started __________________________ Date Completed __________________________
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner ______________________
Date 12-29-63 ______________________

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

School Dist. No. 2, Sun River, Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) maximum 1,000 gal. per hour.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The type of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner:

Chairman
Board of Trustees
Date Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Herb C. Hartung, Hayna of R. F. 1, Box 6, Swan River

County of Cascade State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. (Name of Appropriator) (Address) (Town)

2. The beneficial use on which the claim is based: 
   - Household
   - Farming

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1950 - Continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 13 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Shallow well
   - Convertible injector pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Nov. 1950

8. The depth of water table:
   - Varies with rise and fall of sw

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - None

10. The estimated amount of groundwater withdrawn each year: Have no data

11. The log of formations encountered in the drilling of each well if available:
   - By hand
   - Gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this Act, including reference to book and page of any county record:

I declare that I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Land Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   June 1, 1962, Everyday

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   15 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   100 acres, Neighbors

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   June 1, 1962

8. The depth of water table:
   40 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Sandpoint, 15 ft, 100 ft

10. The estimated amount of groundwater withdrawn each year:
    1,500,000 gal per year

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

   Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Fred Sandborn of Box 742 Great Falls
   (Name of Appropriator) (Address) (Town)
   County of Cascade State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household, stockwater and irrigation.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Use began in 1895 or 1896 and has been continuous ever since.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): One hundred gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Used for irrigation of grass and garden in the immediate proximity of the farm buildings in an area of about 2 acres on farm owned by...

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Well equipped with an electrical pump and located just southeast of the farm house at the location shown on the plat.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well was commenced and completed around 1895 or 1896.

   8. The depth of water table: Flowing well with an electrical pump required to provide sufficient pressure for the water system in the house.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well with steel casing at a reported depth of 40 feet.

   10. The estimated amount of groundwater withdrawn each year: 50 acre feet.

   11. The log of formations encountered in the drilling of each well if available: Not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner: Fred Sandborn
   Date: February 27, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.

STATE OF MONTANA  
ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER  

Declaration of Vested Groundwater Rights  
(Under Chapter 237, Montana Session Laws, 1961)  

1. Christensen Ranch Co.  
   (Name of Appropriator)  
   of Vaughn  
   (Address)  
   (Town)  

   County of Cascade  
   State of Montana  

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:  
   Livestock Watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  
   NEVER USED

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   15 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and names of the owner thereof:  
   Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   Windmill
   SW 1/4 NW 1/4 Sec. 36 T.21 R.10 W.4

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   1943, Commenced and Completed same year

8. The depth of water table:  
   3 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   Metal casing
   95 ft. Deep, 8 in. or 4 in.

10. The estimated amount of groundwater withdrawn each year:  
    None at present

11. The log of formations encountered in the drilling of each well if available:  
    None Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
    None
