DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. Francis Durrell of Geraldine, Mont
(Name of Appropriator) (Address) (Town)

County of Chouteau State of Mont
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

sw 4 sw 4
..... 1/4 Sec. 29 T. 24 R. 13

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based

stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

April 1, 1942
all the time

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

Francis Durrell

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

started September 1, 1947. Completed
April 1, 1948

8. The depth of water table

212 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

6 in casing

10. The estimated amount of groundwater withdrawn each year

60,000 gal

11. The log of formations encountered in the drilling of each well if available

not known

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....

Signature of Owner. Francis Durrell

Date. Dec. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quaduplicate for the Appropriator.

NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION WITHOUT WELL

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater Commenced using in 1951

Owner Thomas S. Brones

Address 912 4th A ve No Great Falls, Montana.

Contractor (if any) none

Address of Contractor

Date Started in 1951 Date Completed in 1951

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring was there and we merely cleaned it out and made a better road to it for ingress and egress for our cattle.

SWSE 1/4 Sec 23 T4 N R 13 E

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use runs 3/4 inch constantly; used regularly for fall and winter cattle watering; however this spring runs constantly whether or not in used.

Signature of Owner

Thomas S. Brones

Date December 23rd 1963

This form to be prepared by contractor (if any), otherwise by the owner.

X Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quaduplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. James Pribyl, of Big Sandy
(Name of Appropriator) (Address) (Town)

County of Chouteau State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 Sec. 21 T. 24 R. 14

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based house & livestock
3. Date or approximate date of earliest beneficial use; and how continuous the use has been July 1946
4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof lawn
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal windmill
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater July 1945
8. The depth of water table 30 ft.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 4 in. 421 ft.
10. The estimated amount of groundwater withdrawn each year 30,000
11. The log of formations encountered in the drilling of each well if available not known
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

James Pribyl

Date December 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

[illegible]

It is not possible to find a single, simple, and unambiguous definition of the term "information" in the literature. The concept is often used in a broad sense, encompassing a wide range of phenomena and processes. However, there are several key aspects that are commonly associated with the concept of information:

1. The first group of people who are
 2. 3. The second group of people who are
 4. 5. The third group of people who are
 6. 7. The fourth group of people who are
 8. 9. The fifth group of people who are
 10. 11. The sixth group of people who are
 12. 13. The seventh group of people who are
 14. 15. The eighth group of people who are
 16. 17. The ninth group of people who are
 18. 19. The tenth group of people who are
 20. 21. The eleventh group of people who are
 22. 23. The twelfth group of people who are
 24. 25. The thirteenth group of people who are
 26. 27. The fourteenth group of people who are
 28. 29. The fifteenth group of people who are
 30. 31. The sixteenth group of people who are
 32. 33. The seventeenth group of people who are
 34. 35. The eighteenth group of people who are
 36. 37. The nineteenth group of people who are
 38. 39. The twentieth group of people who are
 40. 41. The twenty-first group of people who are
 42. 43. The twenty-second group of people who are
 44. 45. The twenty-third group of people who are

STATE ENGINEER

(Under Chapter 237, Montana Session Laws, 1961)

1. Mary Ann Adamec of Big Sandy
(Name of Appropriator) (Address) (Town)
County of Chouteau State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 24, T. 24N. R. 14E

Indicate point of appropriation
and place of use, if possible.
Each small square represents 10
acres.

2. The beneficial use on which the claim is based... Household
stockwater
3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1914. Homestead water
continuous flow and use.
4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 10 gallons per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
None—Mary Ann Fry Adamec
James Fry, Betty Fry Silvan
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
1 inch galvanized pipe—electric pump
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 1914—25 foot dug well
8. The depth of water table... 20 foot
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...
5 ft. Diameter—25 feet deep pump and pipe
10. The estimated amount of groundwater withdrawn each year... 300 acre feet
11. The log of formations encountered in the drilling of each well if available... not available
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... None

Signature of Owner

Mary Ann AdamecDate... 30 December 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

County Chouteau

RECEIVED
AUG 2 1973
MONTANA DEPARTMENT OF NATURAL
RESOURCES CONSERVATION

DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. George Fry of Big Sandy, Montana 59520
(Name of Appropriator) (Address) (Town)

County of Chouteau State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

..... 1/4 Sec. T. R.

Indicate point of appropriation and
place of use, if possible. Each small
square represents 10 acres.

2. The beneficial use on which the claim is based

domestic and stock

3. Date or approximate date of earliest beneficial use; and how con-
tinuous the use has been 1945

4. The amount of groundwater claimed (in miner's inches or gallons
per minute) five (5) gallons per minute

5. If used for irrigation, give the acreage and description of the lands
to which water has been applied and name of the owner thereof
none

6. The means of withdrawing such water from the ground and the loca-
tion of each well or other means of withdrawal
pressure pump

7. The date of commencement and completion of the construction of the well, wells, or other works for with-
drawal of groundwater 1945

8. The depth of water table 14 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
works for the withdrawal of groundwater cased well with pressure pump

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
reference to book and page of any county record unknown

Signature of Owner George Fry

Date 6 Jun 28 73

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is
located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines
and Quadruplicate for the Appropriator.

Notice of Appropriation of Groundwater STATE ENGINEER
(Under Chapter 237, Montana Session Laws, 1961)

- I, James E Fry of Big Sandy Montana
(Name of Appropriator) (Address) (Town)
County of Chouteau, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.
- The beneficial use to which water is to be applied is house & stock
(describe lands to be benefited, if for irrigation)
- The rate of use in gallons per minute or miner's inches of groundwater claimed 2 gal
per minute
- The annual period (inclusive dates) of intended use Continuous Use
- The probable or intended date of first beneficial use April 1964
- The probable or intended date of commencement and completion of the well* or wells* Oct 17 63
April 1st complete approx 31 May
- The location, type, size and depth of well or wells contemplated basin 4 ft deep
4 ft wide x 4 ft long
- The probable or estimated depth of the water table or artesian aquifer Surface Spring
- Name, address and license number of the driller engaged Self Made
- Give such other similar information as may be useful in carrying out the policy of this act.

None

SE 1/4 Sec. 26 T. 24 R. 14
Locate well or other means of development as accurately as possible on the plat.

Signature of Appropriator James E Fry

Date Nov 27 1963

- * As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn."

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
