STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER
DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1.  Henry A. Nagamori, of Loma
    (Name of Appropriator) (Address) (Town)
    County of Chouteau State of Montana
    have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2.  The beneficial use on which the claim is based: Water cattle

3.  Date or approximate date of earliest beneficial use; and how continuous the use has been: June 1950
    Present use

4.  The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gal. per minute

5.  If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not applicable

6.  The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Underground
    The Centralia group on water from Centralia 1 mile east of farm building

7.  The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Start Sept. 1947
    Termination Sept. 1947

8.  The depth of water table: 20 feet

9.  So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Bore well with 3 1/2 foot inside diameter concrete casing 27 feet deep

10.  The estimated amount of groundwater withdrawn each year: 15,000 gal.

11.  The log of formations encountered in the drilling of each well if available: Sand strata

12.  Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Henry A. Nagamori
Date: Oct. 26, 1948

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.

Minnie E. Anderson
LOMA, Mont.

Dave Gordon
LOMA

1952

T 25N, R 10E
NE 1/4 SW 1/4, LOMA

Hand dug

100 ft. of well

120 ft. to 25 in all

Electric pump

Low in dry spells in 1956 but good since not leached.

Good since sandpoint was driven after 5/1/57.

In use this well has not failed since sandpoint

was put down to 25' in early 1957.

This water is not very hard.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. Helen Christensen, of Loma
   (Name of Appropriator) (Address) (Town)
   County of Chouteau State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Stock -
   Irrigation, house

3. Date or approximate date of earliest beneficial use and how continuous the use has been
   1-6-60, continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   10 gal. per min.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof
   THREE ACRES, Helen Christensen
   NE NW SE 1/4, P. R. R.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1-6-60

8. The depth of water table
   15 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Well, drilled, 5' O.D., depth 31 ft.
   Pipe line of 1 1/4" pipe 50 ft.
   End of line 1 1/4" pipe 50 ft.
   End of line 1 1/4" pipe 12 ft.

10. The estimated amount of groundwater withdrawn each year
   5000 cu. ft.

11. The log of formations encountered in the drilling of each well if available
   Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Appropriator

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Farmers Union Grain
Address: Loma, Montana

Driller: Lloyd G. Hanberg
Address: Box R, Miles, Mont.

Date of Notice of Appropriation of Groundwater: Feb. 9, 1963

Date Well Started: Feb. 9, 1963
Date Completed: Feb. 9, 1963

Type of Well: Drilled
Equipment Used: auger
(Churn, drill, rotary or other)

Water Use: Domestic □ Municipal □ Stock □ Irrigation □
Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

(Under Chapter 237, Montana Session Laws, 1961)

The Full Gospel Church of Loma, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

| Date or approximate date of earliest beneficial use: | July 12, 1939.
| The means of withdrawing such water from the ground: | Shallow Well Electrical Pump.
| The location of each well or other means of withdrawal: | Twenty-five (25) feet.
| The estimated amount of groundwater withdrawn each year: | 1,296,000 Gallons per Year.
| The means of withdrawing such water from the ground: | Shallow Well Electrical Pump.
| The date of commencement and completion of the construction of the well: | July 12, 1943.
| The estimated amount of groundwater withdrawn each year: | 1,296,000 Gallons per Year.
| The estimated amount of groundwater withdrawn each year: | 1,296,000 Gallons per Year.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

Mrs. Dora Haase, of LOMA
(Title of Appropriator) (Address) (Town)
County of BUTTE, State of MONTANA

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been (Month, Day, Year) 1930. Household

4. The amount of groundwater claimed (in miner's loads or gallons per minute) 5.0 Gpm (gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof (Month, Day, Year) 6-2-35

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal or electric pump located at House

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater (Month, Day, Year) 1-1-30

8. The depth of water table 20 ft

9. If it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater or any other works 20 ft

10. The estimated amount of groundwater withdrawn each year 30.00

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Mrs. Dora Haase

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws 1961)

1. General Mills, Inc., of Loma
   (Name of Appropriator) (Address) (Town)

   County of Chouteau, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Household
      Lawn and garden

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      Aug., 1950
      Good

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      Household 150 gals. daily
      Irrigating 3000 gals. daily

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      Lot 6, Sec. 7, T.25 N. R.10

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Electric pump in basement of house

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      Around Aug., 1950

   8. The depth of water table
      Around 20 feet

   9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      Drilled 8 inch casing 30 feet

   10. The estimated amount of groundwater withdrawn each year
        700,000 gals.

   11. The log of formations encountered in the drilling of each well if available
        About 15 ft. of dirt
        then sand and gravel to coarse gravel

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
        None

   Signature of Owner

   Date 12/16/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. Bernard E. Hardy, of Loma,
   (Name of Appropriator) (Address) (Town)
   County of Chouteau, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Home use of irrigation.
   (Use of water for domestic use and/or irrigation)

3. Date or approximate date of first beneficial use, and how continuous the use has been.
   June 1918. Continued use since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 50.0 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   Lot 1, Block 40, Section 6, Township 3 South, Range 50 East, Principal Meridian.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Electric pump.

7. The date of commencement and completion of the construction of the well(s), or other works for withdrawal of groundwater. Constructed and completed in 1918.

8. The depth of water table. 45 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   Bore well casing.

10. The estimated amount of groundwater withdrawn each year. 4,580,000 gallons.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Bernard E. Hardy
Date: Dec. 31, 1963.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

- **County of** [County]
- **State of** [State]

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Name of Approporator**
2. The beneficial use on which the claim is based: [Description]
3. Date or approximate date of earliest beneficial use; and how continuous the use has been: [Date]
4. The amount of groundwater claimed (in miner's inches or gallons per minute): [Amount]
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: [Details]
6. The means of withdrawing such water from the ground: [Method]
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [Dates]
8. The depth of water table: [Depth]
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: [Details]
10. The estimated amount of groundwater withdrawn each year: [Amount]
11. The log of formations encountered in the drilling of each well if available: [Details]
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Details]

**Signature of Owner**

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Approporator.
STATE OF MONTANA

OFFICE OF STATE ENGINEER

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. HENRY O. POPE ETUX, of Box 46, Loma,
   (Name of Appropriator) (Address) (Town)
   County of Chouteau, State of Montana 59460
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: irrigation of lawn and garden, operation of General merchandise retail business.

   3. Date or approximate date of earliest beneficial use and how continuous the use has been: July 1944, use has been continuous.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute.

   5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner: Lots 4-4-8, Block 3, Loma, Montana.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pumps into a pumps system. Two wells each located in middle of Lot 8, Block 3, Loma.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: First well was a driven sand point, July 1944. Second well a driven sand point April 1956.

   8. The depth of water table: 50 feet below surface.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Each well a sand point driven to 34 feet below surface. Each point had to be driven about 20 feet more after timber dam was completed on the Marias River due to drop in water table. Use 1,600 gph pump and 1,000 gph pump for withdrawal of water.

   10. The estimated amount of groundwater withdrawn each year: 900,000 gallons.

   11. The log of formations encountered in the drilling of each well if available: None available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
