Mr. John Williams

Miles City, Montana 59301

Dear Mr. Williams:

This is in reference to the ten enclosed GW-1 forms, Notice of Appropriation of Groundwater, that you filed in the Custer County Courthouse on April 21, 1972.

The Notice of Appropriation of Groundwater forms are simply a "notice" form, which is filed in advance of the commencing of the well(s) construction. Upon well(s) completion the GW-2 form, Notice of Completion of Groundwater Appropriation By Means of Well should be filed.

The GW-1 forms that you have filed do not legally give you or protect your groundwater rights. The enclosed GW-2 forms should be filled out as completely and accurately as possible and filed with the County Clerk & Recorder. Any proof available should be filed also to support your claim that the wells were completed and beneficially put to use 20-25 years ago.

Also enclosed is a copy of the pamphlet, Appropriation and Regulation of Ground Water. Please pay special attention to the red areas underlined in the first three and one-half pages.

If we can be of further assistance, please feel free to contact us at any time.

Sincerely,
