Dear Sir:

This is in reference to the enclosed GW-4 forms, Declaration of Vested Groundwater Rights, that were filed on July 18, 1972 (document numbers 33973, and 33974) at Miles City, Montana.

The Declaration of Vested Groundwater Rights form was intended for appropriators to file on vested groundwater rights for a certain period of time only. That period was from January 1, 1962 to January 1, 1966. Therefore, after January 1, 1966, according to the Groundwater Code, the GW-4 form was invalid and could not legally be used as an appropriation form.

The proper form to use, is the Notice of Completion of Groundwater Appropriation By Means of Well, GW-2 form. Two sets of the GW-2 form are enclosed for your use. Please complete all blanks as completely and accurately as possible and see that the forms are filed properly as indicated on the form.

If we can be of further assistance, please feel free to contact us at any time.

Sincerely,

Ronald J. Guse
