Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based: Water supply for trailer court

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1961

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 30 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   Submersible pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: March 1, 1961

8. The depth of water table: 110 feet

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   Well is 110 ft. deep with
   14 rock layers

10. The estimated amount of groundwater withdrawn each year: Approximately 87,000 gal.

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: James W. Sturm
   Date: 31-3-1963
