Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

Mark Bender & Lester Schied of *Kinsey Ri Miles City*
(Name of Appropriator) (Address) (Town)

County of *Custer* State of *Montana*
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 NW Sec. 8 T. 9. R. 48

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based *water for livestock and home use*

3. Date or approximate date of earliest beneficial use; and how continuous the use has been *March, 1940*

used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute) *six gal per minute*

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof *not used for irrigation*

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal *artesian well*

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater *1940*

8. The depth of water table *640 feet*

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater *two four inch pipes inserted in the well and two pressure pumps on the surface*

10. The estimated amount of groundwater withdrawn each year *750,000 gallons*

11. The log of formations encountered in the drilling of each well if available *not available*

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record *This well is used to furnish water to the Kinsey Irrigation Project*

Signature of Owner *Mark Bender Lester Schied*
Date *12-30-63*

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

and place of use, if possible.
Each small square represents 10
acres.

- The beneficial use on which the claim is based. home and stock water
- Date or approximate date of earliest beneficial use; and how continuous the use has been. continuous since September of 1940
- The amount of groundwater claimed (in miner's inches or gallons per minute) 20 gallons per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. natural flow
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. first of Sept. 1940
- The depth of water table. flow
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 4 casing drilled to the depth of 120 ft.
- The estimated amount of groundwater withdrawn each year. 5,256,000 gallons
- The log of formations encountered in the drilling of each well if available. unavailable
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner Richard Kispatrich
Date January 7, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

(Name of Appropriator) (Address) (Town)
County of Custer State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 SE 1/4 Sec. 30 T9N R48 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based...
watering livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...
Has been used continuously for more than ten years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)...
4 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof...
No irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...
Artesian flowing well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...
More than ten years prior to making this declaration but exact date unknown.

8. The depth of water table...
Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...
400 foot deep well.

10. The estimated amount of groundwater withdrawn each year...
Unknown, but flows 4 gallons per minute.

11. The log of formations encountered in the drilling of each well if available...
Appropriator knows of no log formations as well was drilled before present owner... purchased land.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...
No other information known.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 SE 1/4 Sec 30 T9N. R 48E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based...
Used in dwelling

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...
Has been used continuously for more than ten years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)...
10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof...
No irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...
Pressure pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...
More than ten years prior to making this declaration but exact date unknown.

8. The depth of water table...
Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...
100 foot deep well.

10. The estimated amount of groundwater withdrawn each year...
Unknown, but pumps 10 gallons per minute.

11. The log of formations encountered in the drilling of each well if available...
Appropriator knows of no log formations, as well was drilled before present owner purchased land.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...
No other information known.

STATE ENGINEER

1. I, C. G. Glasscock, of P. O. Box 419, Miles City,
(Name of Appropriator) (Address) (Town)
County of Custer State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.
2. The beneficial use to which water is to be applied is Watering livestock
(describe lands to be benefited, if for irrigation)
3. The rate of use in gallons per minute or miner's inches of groundwater claimed 10 gallons per minute
4. The annual period (inclusive dates) of intended use January 1 through December 31
5. The probable or intended date of first beneficial use December 1, 1963
6. The probable or intended date of commencement and completion of the well* or wells* Commenced October 7, 1963, completed October 10, 1963.
7. The location, type, size and depth of well or wells contemplated Drilled well, 5-5/8" hole, 4" casing, 295 feet deep.
8. The probable or estimated depth of the water table or artesian aquifer 180 feet
9. Name, address and license number of the driller engaged Floyd Higgins, Miles City, Montana, License No. 12.

10. Give such other similar information as may be useful in carrying out the policy of this act. No other information known

NW 1/4 NW 1/4 Sec. 33 T9N R48E

Locate well or other means of development as accurately as possible on the plat.

Signature of Appropriator C. G. Glasscock

Date December 26, 1963

* As defined in the Code Sec. 1 (c) "Well" means any artificial opening or excavation in the ground, however made, by which groundwater can be obtained or through which it flows under natural pressures or is artificially withdrawn."

Three copies of this notice are to be filed with County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

(Under Chapter 237, Montana Session Laws, 1961)

C. G. Glasscock and C. G. Glasscock, Jr. of P. O. Box 419, Miles City,
(Name of Appropriator) (Address) (Town)
County of Custer State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 NE 1/4 Sec. 35 T. 9 N. R. 48 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based... watering livestock
- Date or approximate date of earliest beneficial use; and how continuous the use has been... has been used continuously for more than ten years.
- The amount of groundwater claimed (in miner's inches or gallons per minute)... 5 gallons per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... No irrigation.
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... Windmill
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... More than ten years prior to making this declaration but exact date unknown.
- The depth of water table... Unknown
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... 400 feet deep well.
- The estimated amount of groundwater withdrawn each year... Unknown, but pumps 5 gallons per minute.
- The log of formations encountered in the drilling of each well if available... Appropriator knows of no log formations as well was drilled before present owner purchased land.
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... No other information known.
