   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based 
   Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   See attached sheet

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   See attached sheet

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   See attached sheet

7. The date of commencement and completion of the construction of well, wells, or other works for withdrawal of groundwater
   See attached sheet

8. The depth of water table
   See attached sheet

9. So far as it may be available, the type, size and capacity of each well or the general specifications of any other works for the withdrawal of groundwater
   See attached sheet

10. The estimated amount of groundwater withdrawn each year
    See attached sheet

11. The log of formations encountered in the drilling of each well if available
    Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None
